- Students who were enrolled in the third year of a three-year Bachelor's will be evaluated on the **number of credits gained by 10 August 2024** using the credit parameters set for the first year *fuori corso* as a reference, since they are considered similar to first year *fuori corso* students for 2024-2025.
- Students who were enrolled in the first year *fuori corso* of a Bachelor's degree and students enrolled at another university in 2023-2024 **are not eligible to apply**, as they

- 4.4 Students who only carry out a **part** of their collaboration will be paid only for the hours worked, as recorded on the official timesheet.

ART. 5 - RANKING LISTS

- 5.1 Based on the correctly completed applications received and the student's preferences, a **ranking list of successful applicants will be drawn up according to merit (credits) in descending order for each of the Structures in the call for applications.**
All evaluations (independently of the graduation mark or total CFU obtained) will subsequently be rescaled to between 0 (minimum merit) and 1 (maximum merit). **In this way, all students are comparable to each other.** Students' position on the ranking list will be determined by merit coefficient:

- For **first-year Master's degree students**, the following formula applies:

$$\frac{\text{Student's graduation mark} - \text{Average graduation mark}}{110 - \text{Average graduation mark}}$$

where 'average graduation mark' refers to the average of all the graduation marks obtained in the student's particular degree programme. For students coming from a degree that is not offered at the University of Verona, will be used the average Bachelor's degree graduation mark of the Master's degree programme that the student is enrolling in. A table with up-to-date information about average Bachelor's degree graduation marks, categorised by Department, is available on the university website at <http://www.univr.it/collaborazionistudentesche>

- For **all other students**, the following formula applies:

$$\frac{\text{Student's number of credits} - \text{Minimum credits}}{\text{Maximum credits} - \text{Minimum credits}}$$

For **BACHELOR'S DEGREES**:

Year of degree	Minimum credits	Maximum credits
2nd	24	60
3rd	72	120
1st year <i>fuori corso</i>	150	180

For **MASTER'S DEGREES**:

Year of degree	Minimum credits	Maximum credits
2nd	24	60
1st year <i>fuori corso</i>	90	120

For **SINGLE CYCLE/COMBINED BACHELOR+MASTER'S DEGREES** in Law and Primary teacher education:

Year of degree	Minimum credits	Maximum credits
2nd year	24	60

4th year	120	180
5th year	175	240
1st year <i>fuori corso</i>	215	300

For **SINGLE CYCLE/COMBINED BACHELOR+MASTER'S DEGREES** in Medicine and Surgery, and Dentistry and Dental Prosthetics:

Year of degree	Minimum credits	Maximum credits
2nd year	24	60
3rd year	72	120
4th year	120	180
5th year	175	240
6th year	230	300
1st year <i>fuori corso</i>	270	360

5.2 In drawing up the **ranking list of successful applicants**, as set out in Art. 2(4) of Prime Ministerial Decree 09/04/2001, **priority will be given to students who were eligible but did not receive a regional scholarship in the 2023-2024 academic year.**

5.3 Where students have an **equal merit ranking**, those with **lesser income conditions** have priority. This will be based on the students' ISEE for University statement submitted as per the Regulations for Student Fees for 2024-2025, issued by specific Rector's Decree. Failure to submit the ISEE for University statement will not lead to exclusion from the

- ranking list, but students who present their statement will have priority over those who do not.
- 5.4 Where students have equal merit points and an equal financial situation, priority will be given to the **younger student** (Art. 3(7) of Law 127/97 and subsequent amendments and additions).
- 5.5 **Admitted (and eligible) applicants will be given a place in a university Structure in their chosen location, based on their position in the final ranking list: the Structure students will be assigned to will be identified at the discretion of the University.**
If there are no eligible or successful applicants in a specific ranking list, each Structure may select students from the ranking lists of the other Structures.
- 5.6 **The provisional list of students eligible for admission will be published by 8 November 2024** on the University's website: <http://www.univr.it/collaborazionistudentesche>
- 5.7 **Any comments regarding the provisional list of students eligible for admission** must be submitted **in writing** using the specific "remarks form" on the university website: <http://www.univr.it/collaborazionistudentesche> **within seven days of the publication of the provisional list (by 1:00 pm on the seventh day following the date of publication)** by:
- email to benefici@ateneo.univr.it from the student's university email account (.....@studenti.univr.it); or
 - only if the student does not have a university email account yet, from another email account, attaching a copy of the front and back of their ID document.
- Remarks submitted via any other method, or after the deadline, will not be considered.
- 5.8 The **final ranking list** will be **published** on the university website: <http://www.univr.it/collaborazionistudentesche> **by 20 December 2024.**
- 5.9 The ranking list is valid for one solar year: collaborations under this application call must start **by 31 December 2025** at the latest, **otherwise the student will lose their right to carry out a collaboration for the whole academic year of the application round.**

ART. 6 - PERFORMING THE COLLABORATION

- 6.1 The **final ranking lists for each Structure** state:
- the **successful** applicants for each Structure;
 - the **eligible** applicants who were not awarded a collaboration (that may still be awarded a collaboration, pursuant to Art. 6(3));
 - the **excluded** applicants.
- 6.2 Students awarded a collaboration (**successful** applicants) will be contacted exclusively **via email** by the relevant Structure, which will indicate the start date of the collaboration.
- 6.3 **Eligible students who are not awarded a collaboration** remain on the list to cover any places that may unexpectedly become vacant during the year due to renouncement or forfeiture by any successful applicants (or for part-time collaborations at ESU Verona, with funding and methods established by the ESU Verona regulations). Eligible students will be contacted exclusively via email by the relevant Structure, which will indicate the start date of the collaboration.
- 6.4 After receiving an invitation e-mail from a specific Structure, successful and eligible applicants summoned to cover any vacant positions must formally accept the collaboration offer **within 3 days (including weekends and public holidays)**, or else the award will be forfeited.
- 6.5 Students who are offered a collaboration may be asked to attend specific training seminars for the collaboration.
- 6.6 The activities included in the collaboration shall be agreed between the student and the Structure concerned, taking into account both the Structure's needs and the student's study commitments, and shall be carried out either on site or remotely. Any changes to the agreement, except in cases of serious proven illness, must be agreed upon with prior notice from the student.
- 6.7 There is an **initial trial period** of 25 hours to ascertain students have the necessary diligence to carry out the collaboration (only hours actually worked count towards the trial

period).

If a student does not pass the trial period, this must be communicated in writing by the Head of the Structure:

- to the student, with an indication of the lack of diligence in carrying out the work;
- and at the same time to the Rector, for the subsequent termination of the collaboration agreement for that academic year.

6.8 Students are expected to carry out the collaboration **diligently** as far as established by the contract, following the instructions given by the Structure to which they are assigned and keeping a record of the hours worked by completing the **time sheet each work day**, or otherwise the contract may be terminated by the university.

The **time sheet** is an official document, so students must be careful to avoid omissions or changes that may constitute criminal offences. Scratches and erasures should also be avoided.

The time sheet must be completed in full and **signed at least weekly by the Head of the Structure**.

6.9 During the collaboration period, students who are temporarily unable to work must promptly notify the Head of the Structure in writing.

6.10 **Communication between the student and the Head of the relevant Structure must occur only through the university email account (...@studenti.univr.it)**, as specified by Art. 7 of the University Regulations for students.

6.11 **This part-time collaboration does not constitute any type of employment relationship with the university and does not comprise any kind of evaluation for public competition exams or applications, as set out in Art. 11(3) of Legislative Decree no. 68/2012.**

6.12 The collaboration work, which is to be carried out as instructed by the Head of the Structure, does not imply that students are part of the University of Verona administration.

6.13 Part-time student collaboration shall under no circumstances replace internships and shall not result in the awarding of CFU credits.

6.14 The university shall provide for accident insurance cover.

6.15 In compliance with current health and safety regulations, before starting the part-time collaboration, the students concerned must attend the online course '*Health and Safety in the workplace*' by the University of Verona, and pass the relevant test. Each university Structure will therefore request from each student a certificate of attendance and completion of the course before starting the part-time collaboration.

ART. 7 - REASONS FOR EXCLUSION FROM THE APPLICATION PROCESS, FORFEITURE AND TERMINATION OF THE COLLABORATION

7.1 The following types of students may **not** apply:

- students who are **not fully and correctly enrolled** at the University of Verona by 15 October 2024 (see Art. 1);

- **they do not show up to sign the contract on the date communicated or have not signed the contract within the deadline communicated by the Structure** or have not communicated their inability to show up and/or sign the contract due to serious illness, pregnancy, military or civil service, international student exchanges;
- they are summoned by a Structure but **do not give written confirmation of their acceptance of the collaboration within 3 days (including weekends and public holidays)** from the invitation email, or do not notify the Structure of their absence for serious illness, pregnancy, military or civil service or international student exchange.
- they sign the contract but do not start the collaboration **within 3 days (including weekends and public holidays)** from the date determined by the Structure for any reason other than serious illness, pregnancy, military or civil service or international student exchange.
- they are not fluent in Italian.

Students whose collaboration was forfeited will be notified of the process **by email** (the student's university email account will be used).

7.3 The collaboration is **terminated** and students will be immediately replaced if:

- they obtain their Bachelor's degree and do not conditionally enrol in a Master's degree (Bachelor's graduates who conditionally enrol in their first year of a Master's degree will continue their collaboration without interruptions if already in progress);

- they are subjectively and/or objectively found to be unsuitable to continue the collaboration in line with the needs of the relevant Structure.

ART. 8 – CHECKS, COMMUNICATIONS AND PENALTIES

Applications for university bursaries and the information regarding a student's financial situation and merit are submitted by students themselves through self-declaration forms, as set out in Presidential Decree no. 445 of 28/12/00.

The university is obliged to perform spot checks on the truthfulness of students' self-declarations, which must be carried out on a sample of 5-15% of the statements received each year.

These checks may be carried out even after the bursaries or scholarships have been awarded. They apply to students who present an ISEE for University statement for the current academic year.

In accordance with the *Regulations for implementing checks on applications for university bursaries*, while performing these checks the university may ask for appropriate documentation to support the completeness and truthfulness of the information provided by students.

Through a memorandum of understanding, the university also sends students' **self-declarations of financial position** to be further investigated by the Provincial Command of the **Italian Finance Police** (*Guardia di Finanza*) in Verona.

Following appropriate administrative and financial checks, if a declaration that was submitted is found to contain untruthful information, penalties will be applied pursuant to Art.s 71, 75 and 76 of Presidential Decree no. 445/2000, Art. 316-ter of the Criminal Code and Legislative Decree no. 68/2012, which states: "Whoever [...] submits false statements [...] is subject to administrative penalties consisting of the payment of three times the amount made, or the value of services accessed incorrectly, and loses the right to receive other funds for duration of their course of studies, subject in all cases to the application of the penalties provided for in Art. 38(3) of Decree Law no. 78 of 31 May 2010, converted with amendments by Law n. 122 of 30 July 2010, as well as the criminal laws for the acts that constituted the offence."

All communication regarding information checks shall be transmitted by the University exclusively by email to the student's email address. Students are responsible for checking their inbox regularly.

APPENDIX 1	GUIDE TO COMPLETING AND SUBMITTING THE BENEFITS APPLICATION FORM ('DUB')
-------------------	---

To apply for a a part-time student collaboration, students must complete and submit a Benefits Application Form (DUB). This form allows students to apply online for the following student benefits:

- **university fees reduction**
- **regional scholarship for university studies**
- **part-time student collaboration**

There is just one form to submit for any or all of the possible awards. If requesting several benefits, students should pay attention to the different deadlines – since the DUB is a single application form, students must submit their application by the earliest relevant deadline.

For example:

part-time student (deadline 30/09/24 at 1:00 pm) + fees reduction (deadline 15/11/24 at 1:00 pm) = application due by 30/09/24 at 1:00 pm.

To apply for a part-time student collaboration, students must do the following by the non-extendable deadline of 30 SEPTEMBER 2024 AT 1:00 pm (if only applying for a part-time student collaboration):

- Submit the application **exclusively by completing the Benefits Application Form (DUB) online**, available from the student's personal account in ESSE3 – SEGRETERIA (<https://univr.esse3.cineca.it/Start.do>). Students should log in using their GIA login details if they are already registered (those who are not yet registered should use their SPID login details), then select from the menu: 'Menù > Segreteria > Domanda Unica Benefici'.
- After completing the application, it needs to be CONFIRMED DEFINITELY or else it is not valid. The computer system will send a copy of the submitted DUB application to the student's email address (.....@studenti.univr.it, or other email account). The document will also appear in the student's personal area on ESSE3: this will be regarded as the **only proof** that the application was submitted, so please make sure to **keep a copy of the document**.

Students enrolled in a double/joint university degree must submit their grant/scholarship application to the institution where their programme is administratively based, i.e. the university where they pay their enrolment fees.

PLEASE NOTE:

Any:

- **requests to change the information provided;** or
- **reports regarding technical problems attributable to the university** (system malfunctions) that prevent students from submitting the application via the web **in the 72 hours before the deadline**

must be communicated by the student using the specific **change request form** or **technical fault report form** in one of the following ways:

- by sending an email to benefici@ateneo.univr.it from the student's university email account (.....@studenti.univr.it);
- or, only if the student does not have a university email account yet, then from another email account, attaching a copy of the front and back of an ID document.

BY 30 SEPTEMBER 2024 at 1:00 pm (same deadline as for DUB applications).
Applications submitted by any method other than those listed above, or received after the deadline, will NOT be considered.
