Article 3 – Applicability limits

SECTION I – Bachelor’s degrees, Master’s degrees and Single cycle/Combined Bachelor’s+Master’s degrees

Article 4 – University fees

1. Annual university fees help to cover some of the educational, scientific and administrative costs of the University. The amount varies according to the type of degree programme, which is then scaled depending on the financial position of the student's family as attested by their ISEEU. Students also pay stamp duty and the regional tax for equal access to education.
2. The University has set criteria which allow certain students to be completely or partially exempt from paying the total annual fees depending on their attested financial position and the fulfilment of merit requirements.
3. The criteria for determining university fees are determined annually by the Board of Directors, keeping the interests of fairness and solidarity in relation to students' financial positions in consideration, as provided for by the law.
4. Annual fees are paid in three instalments as follows:
   - 1st instalment: € 150 first part of fees + € 172 regional tax + € 16 stamp duty by 15 October;
   - 2nd instalment: 50% of the remaining fees due (by 31 March);
   - 3rd instalment: 50% of the remaining fees due (by 1 June);
   The minimum amount due for the 2nd and 3rd instalments must be over € 5.
   The second and third instalments are half each of the total fees remaining after the € 150 deposit has been paid as the first instalment.
5. For non-European Union citizens who are non Italian residents and who gained entry to their University of Verona programme with a foreign degree or diploma, the annual university fee is fixed at € 1,000, to be paid as follows:
   - 1st instalment: € 338 (includes € 150 first part of fees + € 172 regional tax + € 16 stamp duty) by 15 October;
   - 2nd instalment: € 331 (by 31 March);
   - 3rd instalment: € 331 (by 1 June).
6. For late payments, a € 20 fee applies, with the exception of students who:
   - have transferred from another institution and end up paying after the deadline due to delays in the transfer procedure;
- only need to take the final examination of their degree, already submitted a request to graduate in the March/April extra session and enrol late for the following academic year due to not yet having graduated.

1. HOW TO APPLY FOR REDUCED STUDENT FEES

By submitting a **Benefits Application Form ('DUB')**, students can apply for any of the following:

- **Student fees reduction**, i.e. a reduction or reimbursement of the second and third fee installments (if applicable);
- **Grant/scholarship**;
- **Part-time student collaboration** (starting from the second year of enrolment).

- You should select all the benefits you wish to apply for on one single form. If you are applying for more than one benefit, please note carefully whether they have different application deadlines. Since you should complete only one application form for each academic year, you will need to submit it in time to meet the earliest relevant deadline.

For example:

**Part-time student collaboration (deadline 31/08/2020 at 1:00 pm) + fees reduction (deadline 16/11/2020 at 1:00 pm) = your application is due by 31/08/2020 (1:00 pm) at the latest.**

**To be able to apply for benefits, you must do all of the following by the strict deadline of 16/11/2020 at 1:00 pm (if requesting a fees reduction only):**

- a) **request an ISEE for University statement year 2020** or an ISEE **Equivalent year 2020** (see Point 4 of this Annex);
- b) **submit a fees reduction application, exclusively by completing online the Benefits Application Form (DUB) academic year 2020/2021.**

a. HOW TO REQUEST AN ISEE FOR UNIVERSITY STATEMENT

To request an ISEE for University, students must complete a Substitutive Declaration (DSU) – which regards information about their family unit and each family member’s income and assets – directly at the “online services” section of the INPS website or with the help of a Tax Assistance Centre (CAF) or qualified professional. Students will be provided with the ISEE for University statement by the CAF or by the INPS.

The university shall only accept **ISEE for University statements relevant to the 2020 solar year**, i.e. those requested between 01/01/2020 and 16/11/2020. For this purpose, the date marked on the DSU receipt will be the only one to be used, not the date of the ISEE for University statement release, which generally occurs a few days after the DSU submission.

**Ordinary or current ISEE statements and ISEE for University statements requested after the DUB submission deadline will not be considered.**

**Students do NOT need to submit** a hard copy statement of the ISEE for University statement to the university. Moreover, they do not need to communicate to the university any information concerning the amount of the ISEE for University statement, since the university has direct access to the INPS database.

Please check that there are no **omissions or discrepancies** on the ISEE statement, or you may not receive the requested benefits. If there are any omissions or discrepancies, a **new DSU** containing the missing information or corrections **must be presented promptly** (and in all cases by 31/12/2020), otherwise the penalties specified in Article 8 of the **Regulations for implementing checks on applications for university bursaries** shall apply.

**Corrections to the ISEE for University statement may be accepted after the application deadline** – and in any case by 31/12/2020 – as long as the relevant **ISEE for University** (not the ordinary ISEE) statement was requested by the application deadline.

**ISEE for University statements - or corrections - submitted in the INPS system after 31/12/2020 will not be accepted.**
PLEASE NOTE:
If two (or more) students belong to the same family unit, to obtain a student fees reduction, the ISEE statement must include the following text: “si applica alle PRESTAZIONI AGEVOLATE PER IL DIRITTO ALLO STUDIO UNIVERSITARIO” [“for the purpose of university bursaries”] followed by the students’ respective tax codes (codici fiscali), also in case of students who have not enrolled yet or not holding a high school diploma yet.

b. HOW TO APPLY FOR REDUCED STUDENT FEES - THE BENEFITS APPLICATION FORM (DUB)

b.1 Bachelor’s, Master’s and Single cycle/Combined Bachelor+Master’s degree students / prospective students

Submit a scholarship application exclusively by completing the Benefits Application Form (DUB) online, available from the student’s personal account in ESSE3 – SEGRETIERA (https://univr.esse3.cineca.it/Start.do). Students should log in using their GIA login details if they are already registered (those who are not yet registered should use their temporary login details for the University’s online services), then select from the menu: ‘Menu > Area riservata > Segreteria > Domanda Unica Benefici’. By submitting the DUB online, students will also need to give their consent for the university to receive all the information on their ISEE for University statement from INPS.

After completing the application, it needs to be CONFIRMED DEFINITELY or it is not valid. The computer system will send a copy of the submitted DUB application to the student’s email address (.....@studenti.univr.it, or other email account). The document will then appear in the student’s personal area on ESSE3: this will be regarded as the only proof that the application was submitted, so please make sure the document is actually there.

Students intending to enrol for the first year of a limited entry degree and students transferring from another university who wish to apply for these benefits, must submit their application - AFTER registering for the university’s online services - by 16/11/2020 at 1:00 pm (or the earliest deadline if applying for several benefits with different deadlines).

Please remember that whilst completing the Benefits Application Form (DUB), you will not be required to enter the amount of your ISEE for University statement.

Applications must be submitted in one of the following ways:

> From the applicant’s own personal **Certified Email Account (PEC)**, pursuant to Art. 4 (4) of Prime Ministerial Decree of 06/05/2009, to the email address: ufficio.protocollo@pec.univr.it, also attaching a copy of the student’s ID document, in **pdf format only** (please make sure the pdf file is **non-editable and static**, i.e. there are no links or interactive features). **Please note: the student’s university email account is not a Certified Email Account (PEC)!**

> In person to the University Scholarships and Grants Office (Via Vipacco 7, 37129 Verona) by 1:00 pm of the deadline date, attaching a copy of your ID document.

If the application is delivered by another person (not the applicant), the following must also be attached:

- a document signed by the applicant, delegating the other person as the deliverer of the application and its attachments;
- a copy of the applicant’s and the deliverer’s ID document.

The university takes **no responsibility** for missing applications by post, so students are advised to send their application with some kind of proof of submission, attaching a copy of their ID document.

Applications that are incomplete, received after the deadline or sent in a way not specified above will not be accepted.

**PLEASE NOTE:**

- Students who do not submit an application for reduced fees shall pay the full fees for their degree programme based on their year of study and the number of CFU gained.
- The DUB benefits application for reduced student fees is valid only for the academic year for which it is submitted.
• Claiming to have forgotten or to have not known the procedure and deadlines for requesting these benefits shall not be considered acceptable excuses.
• Students who are not sure whether they will graduate by 30 April 2021 (2019/2020 academic year extraordinary session) are advised to submit their application for reduced fees.

2. MERIT REQUIREMENTS FOR REDUCED STUDENT FEES

Student fees reductions based on merit are applied automatically, taking into account the student’s years of enrolment (both within and beyond the normal programme duration, i.e. “in corso” and “fuori corso”, respectively) and the number of CFU gained, under the following circumstances:

• In order to calculate the student’s years of enrolment, the following must be taken into account: the number of years of enrolment (excluding any years of interruption/resumption of studies) plus the years of enrolment in the previous academic experience in case of students transferring from another university. In case of students who enrolled after a recognition of their previous academic studies (renunciation, forfeiture, different degree, etc.), the years of study in their previous academic experience are not counted;

• In order to calculate the number of CFU, all exams passed in the 12 months prior to 10/08/2020 are counted (the date of passing the exam will be the one to be used). CFU obtained during an Erasmus period abroad will be also counted, as well as exams taken outside the university, if recognised. Conversely, CFU gained from supplementary exams, exams that have not been completed (partial exams) and previous academic studies (in case of renunciation, forfeiture, obtained degree, etc.) will NOT be considered.

3. FINANCIAL REQUIREMENTS TO BE ELIGIBLE FOR REDUCED STUDENT FEES

For the purpose of reduced student fees and regional taxes, the student’s family unit is defined as set out in Prime Ministerial Decree no. 159 of 5/12/13, especially Art. 8. If the student does not live with their parents, the applicant is still considered a member of their parents’ family unit unless both of the following conditions are true:

a) the student has been living away from their parents’ home, in accommodation not owned by a family member, for at least two years before applying to enrol for the first time in their degree programme; and

b) the student has had an employee or tax-declared income of at least €6,500 per year, declared under a family unit of one person, for at least the past two years.

Even if the students’ parents do not live together, they may be considered part of the same family unit as defined by Art. 3(2) of Prime Ministerial Decree no. 159/2013 except in the cases cited in Art. 3(3) of the same Prime Ministerial Decree if they are married, or in the cases cited in Art. 7(1) of the same Prime Ministerial Decree if they are not married. For the cases referred to in Art. 7(1) of the aforementioned Prime Ministerial Decree, the ISEE statement will include an extra component, calculated based on the single parent’s financial situation according to the procedures set out in Appendix 2(2) of the same Prime Ministerial Decree. For PhD students, the family unit is based solely on the financial situation of the student, and their spouse and children if applicable, as set out in Art. 3(2-5) of Prime Ministerial Decree no. 159/2013, and in any case without prejudice to the possibility of the applicant themself constituting a family unit as per the ordinary regulations in Art. 3 of the aforementioned Prime Ministerial Decree.

Pursuant to Art. 8(3) of Legislative Decree no. 68 of 29/03/2012, the financial situation of foreign students or Italian students who reside abroad is defined according to the Equivalent Economic Situation Indicator Abroad (ISEEE), calculated as the sum of the income earned abroad and 20% of the assets owned abroad, evaluated in the same way based on the average exchange rate of the euro in the reporting year, defined by Ministry of Finance decree under Art. 4(4) of Decree Law no. 167 of 28/06/1990, converted with modifications by Law no. 227 of 04/08/1990.

Legislation relevant to the calculation of the ISEE and procedures of statement release: Prime Ministerial Decree no. 159 of 05/12/2013 and following modifications and additions; Ministry of Labour and Social Policies Decree of 07/11/2014.
4. **ISEE EQUIVALENT (students residing abroad or non-independent students residing in Italy whose family unit resides abroad)**

To apply for a student fees reduction,
- students who do NOT reside in Italy; and
- students residing in Italy who are NOT independent and whose family unit resides abroad should request an **ISEE EQUIVALENT statement** ("Indicatore Parificato Universitario" or "ISEE PARIFICATO").

To obtain the ISEE Equivalent statement, students need to make an appointment at one of the Tax Assistance Centres (CAF) listed at: internet www.univr.it/benefici > tasse e contributi universitari

At the CAF, students must present the documents indicated in the "LIST OF DOCUMENTS TO SUBMIT TO THE CAF TO CALCULATE THE ISEE EQUIVALENT", which can be viewed at the above mentioned link. Without these, the CAF will not be able to calculate the ISEE equivalent.

The ISEE EQUIVALENT statement will be sent electronically to the university directly by the CAF. Students do NOT need to submit a hard copy of the statement to the University.

Please remember that **to obtain a student fees reduction**, it is the student’s responsibility to submit a completed DUB form as stated in Point 1 of this Annex.

5. **APPLICATION FOR THE €1,000 ALL-INCLUSIVE ANNUAL CONTRIBUTION**

In order to benefit from the all-inclusive annual contribution, non-EU students not residing in Italy with foreign qualification must submit, by 16/11/2020 at 1:00 pm, a specific application (to be found at: www.univr.it/benefici), following the methods indicated in the form.

6. **PAYMENT OF FEES – PROCEDURES AND DEADLINES**

You will be informed via email (=the email address you provided at the time of the enrolment) of the relevant payment deadlines. However, it is your responsibility to pay by the due date, regardless of the email notifications you receive.

7. **HOW TO CALCULATE STUDENT FEES FOR ISEE STATEMENTS > €30,000 (ART. 7 OF THE REGULATIONS)**

For students whose ISEE for University statement is between €30,000.01 and €55,000.00 inclusive, the fees are determined in proportion to the amount stated on the ISEE for University, using the following formula:

[minimum fee for the relevant band + (ISEE for University submitted by the student – €30,000.01) x band coefficient]

The band coefficient is determined as follows:

(Minimum fee for the relevant band) / (€55,000.00 – €30,000.01)

**EXAMPLE:**

A full-time student who fulfils the merit requirements but has been enrolled at university for longer than the normal duration of their degree programme + 1 year, whose ISEE for University falls into Band B at €35,000.00, would calculate their fees as follows:

Band coefficient: \((€1,913.00 – €1,506.51) / (€55,000.00 – €30,000.01) = 0.01626 (*)\)

Student fees: \[(€1,506.51 + (€35,000.00 – €30,000.01) x 0.01626) = €1,587.81\]

**The total fees** to be paid by the student for the year amount to €1,587.71.

First instalment: €150 deposit (plus €16 stamp duty and €172 regional study tax deposit)

Second instalment: €718.91.

Third instalment: €718.90.

*for calculating student fees, the coefficient to 5 decimal places is used.*

8. **HOW TO CALCULATE STUDENT FEES FOR POSTGRADUATE SPECIALISATIONS (ART. 11 OF THE REGULATIONS)**

For students who meet the requirements concerning their own financial situation with an ISEE for University statement of €0.00–€30,000.00, fees are determined proportionately according to the student’s ISEE for University statement, using the following formula:

\[(€310.00 + (coefficient x amount on the ISEE for University statement submitted by the student))]\)

The coefficient is determined as follows:

(Maximum fee – €310.00) / €30,000.00
EXAMPLE:

Medical postgraduate specialisation
A student with an ISEE for University statement of €25,000.00 would calculate their fees as follows:
Coefficient: \((\frac{\text{€1,700.00} \text{ - €310.00}}{\text{€30,000.00}} = 0.04633\) (*)
Student fees: \([\text{€310.00} + (0.04633 \times \text{€25,000.00})] = \text{€1,468.25}\)
*for calculating student fees, the coefficient to 5 decimal places is used.

Postgraduate specialisation for Legal Professions
A student with an ISEE for University statement of €25,000.00 would calculate their fees as follows:
Coefficient: \((\frac{\text{€1,545} \text{ - €310.00}}{\text{€30,000.00}} = 0.04117\) (*)
Student fees: \([\text{€310.00} + (0.04117 \times \text{€25,000.00})] = \text{€1,339.25}\)
*for calculating student fees, the coefficient to 5 decimal places is used.

9. HOW TO CALCULATE THE REGIONAL STUDY TAX

Please note that a contribution of €172 towards the regional study tax must be paid together with your first instalment for the 2020-2021 academic year.

The amount of the regional study tax depends on the financial situation of your family unit as determined by your ISEE for University statement, in accordance with the following table:

<table>
<thead>
<tr>
<th>ISEE for University bands</th>
<th>Regional study tax due</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>BAND A</strong></td>
<td>from €0.00 to €15,748.78</td>
</tr>
<tr>
<td><strong>BAND B:</strong></td>
<td>from €15,748.79 to €31,497.56</td>
</tr>
<tr>
<td><strong>BAND C:</strong></td>
<td>from €31,497.57 or no fees reduction application submitted</td>
</tr>
</tbody>
</table>

Students transferring from another university administratively based in the Veneto region will be exempt from paying the regional study tax in case they already paid for it at their previous university for the same academic year.

**Band A regional tax:**
For students with an ISEE for University statement in **Band A**, the regional tax is determined proportionally according to the ISEE for University statement using the following formula:

\[
[\text{€130.00} + (\text{Band A coefficient} \times \text{amount on the ISEE for University statement submitted by the student})]
\]

The coefficient for **Band A** of the ISEE for University is determined according to the following formula:

\[
[(148.99 – 129.00) / 15,748.78] = 0.00126930467
\]

**Band B regional tax:**
For students with an ISEE for University statement in **Band B**, the regional tax is determined proportionally according to the ISEE for University statement using the following formula:

\[
[149.00 + (\text{student's ISEE for University amount} – 15,748.79) \times \text{Band B coefficient}]
\]

The coefficient for **Band B** of the ISEE for University is determined according to the following formula:

\[
[(\text{€170.99 – €149.00}) / (\text{€31,497.56 – €15,748.79})] = 0.00139629952
\]

**Regional tax calculation examples:**

**Band A regional tax for a student with an ISEE for University statement of €10,000.00:**
The total regional tax due for the year is:
Students who paid a regional tax study deposit of €172.00 together with their first instalment for the current academic year, will receive a reimbursement of €29.31 (regional tax) towards the end of July 2021.

Band B regional tax for a student with an ISEE for University statement of €23,000.00:
The total regional tax due for the year is:
\[
\text{€150.00 + (€23,000.00 – €15,748.79) × 0.0013962995)} = \text{€160.12}
\]
Students who paid a regional tax study deposit of €172 together with their first instalment for the current academic year, will receive a reimbursement of €11.88 (regional tax) towards the end of July 2021.

Band C regional tax for a student with an ISEE for University of €31,497.57 or a student who does not submit a fees reduction application, the total regional tax to be paid for the year is €172.00.

PLEASE NOTE: The regional study tax can be recalculated based on the students' ISEE for University statement only if they submit a fees reduction application by 16/11/2020 (1:00 pm) or the earliest deadline for applying for several benefits with different deadlines.
