CALL FOR APPLICATIONS FOR ERASMUS+ STUDENT MOBILITY FOR TRAINEESHIPS (SMT) GRANTS 2021/2022

Art. 1 – General information

1. The Erasmus+ EU programme allows students to undertake traineeships at companies, schools of any type and level, educational institutes and research institutes¹ based in any of the participating countries (see Art. 4), with the aim of allowing students to develop specific skills and a better understanding of the socioeconomic culture of the host country.

Host organisations cannot be:

- EU institutions and other EU bodies, including special agencies (the full list is available at http://europa.eu/europeanunion/about-eu/institutions-bodies_it); or
- organisations that manage EU programmes, such as national agencies.

This call for applications is not intended for Erasmus+ mobilities in an applicant's own country of residence, nor for traineeships in diplomatic offices abroad which represent the applicant's own country of residence.

2. Students enrolled in a Bachelor's degree (*Laurea*), Master's degree (*Laurea magistrale*), Second-cycle/Combined Bachelor+Master's degree (*Laurea magistrale a ciclo unico*) or PhD (*Dottorato di ricerca*) may participate in one or more Erasmus+ mobility periods (*Student Mobility for Studies* and/or *Student Mobility for Traineeships*) for up to a total of 12 months during each level of study. Students enrolled in a Second-cycle/Combined Bachelor+Master's degree (*Laurea magistrale a ciclo unico*) may participate in Erasmus+ mobilities for up to a total of 24 months during their degree programme.

Erasmus+ grants for study and Erasmus+ grants for traineeships may be awarded during the same level of study, or in different levels of study, in no specific order, provided that the two mobilities are not carried out at the same time. Students who received an Erasmus mobility grant (for study or traineeships) under the previous LLP or Erasmus+ programmes are eligible to apply for Erasmus+ grants for a total of up to 12 months abroad during each level of study, or 24 months for Singlecycle/Combined Bachelor+Master's degrees (*Laurea magistrale a ciclo unico*).

Art. 2 – Student Mobility for Traineeships (SMT)

1. These grants are intended for University of Verona students to undertake traineeships lasting between **2 and 3 months** (minimum 60 days up to maximum 90 days) at a company or organisation proposed by the applicant. Applicants may apply for a grant for **only one** mobility under this call for applications.

¹ See https://ec.europa.eu/programmes/erasmus-plus/resources/documents/erasmus-programme-guide-2020_it p. 36: "Eligible participating organisations".

2. The mobility period is expressed in days and the duration is calculated based on a commercial year of 360 days, whereby each month, regardless of its actual duration, is considered to have 30 days (including February).

Example 1:

Mobility start date: 16 July 2022

Mobility end date: 13 September 2022

Calendar days: 60 days

Mobility days: 58 days → not permitted (less than 60 days)

Example 2:

Mobility start date: 16 July 2022

Mobility end date: 15 September 2022

Calendar days: 62 days

Mobility days: 60 days → permitted

Traineeships may take place **from 1 February 2022** and must finish **by 30 September 2022** at the latest.

3. Students can choose to do their traineeship during their degree or after graduation, as long as the mobility period starts within 12 months of the date of their graduation, and in accordance with Art. 2.2. In order to do so, the applicant must have been awarded the mobility grant before graduation (see Art. 3 and 5).

4. The mobility period may take place in one of the following ways:

- **in person/on site:** the traineeship activities take place in the destination country, with the student physically present, or taking part remotely while staying in the destination country;
- **blended mode:** the traineeship activities take place both remotely with the student taking part from home, and on site in the destination country (the days spent abroad as part of the mobility must not be less than 60);

In the event of an impediment due to health emergency or other unforeseeable or avoidable circumstances, mobility may be carried out entirely in virtual mode, subject to prior agreement with the university and the host institution. In any case, the financial coverage of mobility will only be allocated for the period physically spent abroad, therefore fully virtual mobility will not be covered by funding.

5. Students who are awarded an Erasmus+ SMT grant must apply for **recognition of the CFU earned** during the mobility **within 30 days of their return date**. For the purpose of calculating these credits, **1 CFU is awarded for every 25 hours of work carried out**. While respecting the laws of the specific destination country, **students must earn at least 4 CFU for each month of the mobility**, i.e. complete **at least 100 hours of work each month, or else the grant will be revoked**. This condition is not obligatory for candidates who have already graduated.

Art. 3 – Admission requirements

To participate in the Erasmus+ SMT scheme, applicants must meet the following requirements according to their *student status*:

1. STUDENTS

- must be correctly enrolled for full-time study in a Bachelor's degree, Master's degree, Second-cycle/Combined Bachelor+Master's degree, or PhD (see Art. 1.2) that is administratively based at the University of Verona.
- must have correctly and fully paid their enrolment fees at the University of Verona by the time of application and for the entire duration of their stay abroad.

2. GRADUATING STUDENTS

In addition to the requirements specified in Art 3.1, Bachelor's, Master's and Single-cycle/Combined Bachelor+Master's degree students who are about to graduate must submit their application for this Call at least one month before their graduation date² (see Art. 5). If awarded a traineeship grant, these students will need to begin their traineeship within one year of their graduation, and in any case must complete their traineeship by 30 September 2021. Please note: when identifying the Host Organisation, students should check that the relevant national laws allow graduates to do unpaid traineeships.

3. PHD STUDENTS

PhD students must complete their mobility period by the end of the third year (regular programme duration) at the latest. PhD students who are in receipt of a scholarship and/or grant from the University or other bodies cannot apply for a grant under this Call for the same mobility. Students enrolled in an extension year (anno di proroga) are not eligible to apply.

Art. 4 – Funding

1. Erasmus+ SMT grants are funded by the European Commission and the Ministry of Education, Universities and Research and the University of Verona for a grand **total of 263 months**. The grants are intended as a contribution towards mobility costs (e.g. travel tickets, food, accommodation and insurance cover if needed) and therefore **do not cover the entire cost of the stay**.
2. The monthly **European contribution** value is determined according to the cost of living in the destination country, based on three groups defined by the European Commission:

² See https://ec.europa.eu/programmes/erasmus-plus/resources/documents/erasmus-programme-guide-2020_it, p. 37 "Eligible participants".

Group	Destination country	Monthly EU grant
GROUP 1	Denmark, Finland, Iceland, Ireland, Liechtenstein, Luxembourg, Norway, Sweden, and United Kingdom	€400
GROUP 2	Austria, Belgium, Cyprus, France, Germany, Greece, Malta, Portugal, Spain, and The Netherlands	€350
GROUP 3	Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, and Turkey	€350

3. As an incentive for the Erasmus+ SMT experience, the University of Verona will provide the students selected under this call with an additional grants funded by the Ministry of University and Research **for the first 3 months of each mobility**, differentiated according to the income bracket of the beneficiary:

BAND 1 (ISEE ≤ 30.000) MUR additional grant for the first 3 months of mobility:	BAND 2 (ISEE > 30.000) MUR additional grant for the first 3 months of mobility:
€250	€150

4. The total amount of the grant will therefore be differentiated according to the country of destination and the income bracket, as follows:

Mobility towards:	BAND 1 (ISEE ≤ 30.000) Amount of the grant <u>for the first 3 months of mobility</u>:	BAND 2 (ISEE > 30.000) Amount of the grant <u>for the first 3 months of mobility</u>:
GROUP 1	<u>€650</u> (€400 EU grant + €250 MUR additional grant for the first 3 months)	<u>€550</u> (€400 EU grant + €150 MUR additional grant for the first 3 months)
GROUP 2 and GROUP 3	<u>€600</u> (€350 EU grant + €250 MUR additional grant for the first 3 months)	<u>€500</u> (€350 EU grant + €150 MUR additional grant for the first 3 months)

The amount of the grant is determined based on the ISEE band of the student: information about the student's ISEE will be acquired from the INPS database. Should this be unavailable, the amount of the grant will be automatically calculated based on BAND 2 (ISEE > €30,000).

Mobility can last up to 6 months. For stays abroad of more than 3 months, grants will be allocated as follows: for the first 3 months full grant will be guaranteed as shown in the table above, while **from the fourth to the sixth month only the EU grant will be paid** (see table paragraph 2).

5. The European Commission annually allocates an additional sum as a further grant to **students with disabilities and/or special needs**. Students who wish to apply for this grant should contact the International Office at the same time as making their application, so that their request can be submitted in time to the Erasmus+ National Agency.

6. Students who receive an Erasmus+ SMT mobility scholarship are not permitted to receive grants or funding from other European Commission programmes at the same time.

Art. 5 - Applications and deadlines

1. The application form, the instructions for completing the online application, and all the relevant documents are available on the University's [website](https://www.univr.it/it/concorsi/studenti) at: website - <https://www.univr.it/it/concorsi/studenti> (see "Erasmus+ SMT").

Non-EU students who are awarded an Erasmus+ scholarship will need to ensure their papers are completely in order before departing (e.g. renewing their stay permit/visa, etc.) and for the entire duration of the mobility period abroad; otherwise the grant must be revoked and repaid;

- **for PhD students:** an authorisation letter from their PhD Coordinator giving the student permission to spend a period abroad.
