

Programma Erasmus+

Sedi Partner 2024-25

Università di Verona
Area Scienze e Ingegneria
26 Febbraio 2024

- ▶ Prof. Fabio Favati (fabio.favati@univr.it): **Biotechnologie, Viticoltura ed Enologia**
- ▶ Prof. Giacomo Albi (giacomo.albi@univr.it): **Matematica / Mathematics**
- ▶ Prof.ssa Alessandra Di Pierro (alessandra.dipierro@univr.it) e Prof. Matteo Cristani (matteo.cristani@univr.it): corsi di studio afferenti al Collegio Didattico di **Informatica** (CdS L Informatica, L Bioinformatica, LM Ing. e Scienze Inf., LM Med. Bioinformatics, LM Artificial Intelligence)
- ▶ Prof.ssa Silvia F. Storti (silviafrancesca.storti@univr.it) e Dr. Roberto Di Marco (roberto.dimarco@univr.it): corsi di studio afferenti al Collegio Didattico Interateneo di **Ingegneria dell'Informazione** (CdS L Interateneo in Ingegneria dei Sistemi Medicali per la Persona, LM Computer Engineering for Robotics and Smart Industry)

The University of Verona actively promotes internalization by various mobility programmes offering the students the chance of studying abroad:

1. **Erasmus+ study**
2. Erasmus+ internships
3. Short Term Mobility
4. Worldwide Study
5. UniVerona Cooperation

For more detail about each programme, as well as for contacts and FAQ, consult [this page](#).

Erasmus+ Study Programme and European University Partners

The Erasmus+ programme is an international mobility programme which allows regularly enrolled students to spend a period of study (3 to 12 months) at a European university. As part of the programme, students will be able to attend courses and the relevant university facilities, and have their exams and credits recognised at their university.

The Call for Applications for Erasmus+ mobility grants 2024-25 has been published on February 12, 2024.

Contact Roberta Casalini (International Office) at 045 8028530 or the [Service Desk](#)

Question: *Why should I apply?*

- ▶ Experience studying abroad
- ▶ Get acquainted with a different culture
- ▶ Improve your language skills
- ▶ Boost career opportunities
- ▶ Find new interests
- ▶ Make new friends
- ▶ Personal development
- ▶ Life experience

How to Apply

All information on the Call for Application and on How to Apply are available here.

- ▶ Application deadline: **11-03-2024 by 12:00 CET**
- ▶ Info Day: **21-02-2024** (did you attend?)
- ▶ Mobility period: **from 01-06-2024 to 30-09-2025**

All information on the Partner Institutions are available online.

Elenco dei Programmi di Mobilità

Erasmus+ Study Programme and European University Partners

To help students in the choice of their destination, this presentation provides some specific information on the activities of our ERASMUS+ partners.

Important: Before applying for a specific destination, students are requested to contact the *local coordinator*. Check the list under **Area Sciences and Engineering** for the associations university-coordinator.

Universidade do Porto (1/2) Andrea Giachetti
Universidade do Porto (2/2) Andrea Giachetti

Preparation steps

- ▶ Consult the coordinator of the institution of your choice (among those listed above) to decide period and activities abroad.
- ▶ Apply by March 11, 2024.
- ▶ If your application is successful (you will know that by end of March), then your name will be communicated to the host institution.
- ▶ The host institution may require, among other documents, a Learning Agreement (LA).

This presentation and related material will be able at [this page](#).

Suggested topics: Cyber security, Algorithms, Formal Methods, Software Engineering, Embedded Systems, Data Science.

Additional info: TU/e offers Bachelor programs in Computer Science and Engineering, and Data Science as well as Master programs in Computer Science and Engineering, Data Science and AI and Embedded Systems.

- ▶ Suggested activities: Attending Basic/Advanced Courses, Thesis Projects
- ▶ Courses are taught in English. You need to provide a language certificate or TU/e exemption form
- ▶ All courses at TU/e are worth 5 credits and are delivered in quartiles (2 lessons per week for 8 weeks)
- ▶ Some courses can only be taken with the explicit agreement of the teacher
- ▶ Detailed information about the courses can be found here:
<https://tue.osiris-student.nl/onderwijscatalogus/extern/cursus>

or maria.papachristopoulou@tuc.gr

Incoming Students

Students wishing to apply to the Technical University of Crete for their Erasmus studies will have to be sure that their institution has signed an Erasmus Inter-Institutional Agreement with TUC (Please check here).

Before submitting their application, incoming students must be recommended by their home university, by email at erasmus@tuc.gr. Incoming students have to request the deadline for the admission applications, which are as follows:

- June 1, both for the winter semester and the whole academic year
- November 1, for the spring semester

Incoming students should send their application to the ERASMUS office by email at erasmus@tuc.gr, together with:

- Student application form
- In case of diploma thesis preparation, incoming students should fill out of planning on their academic background to send the initial records of a thesis.

School of Electrical and Computer Engineering

Topics

Machine Learning;
Artificial Intelligence;
Agents and Multi-Agent Systems;
Reinforcement Learning;
Computational Game Theory.

Frequenza corsi avanzati / Attending advanced courses	● ● ● ● ●
Attività di laboratorio / Laboratory activities	○ ○ ○ ○ ○
Stesura tesi di laurea / Degree Thesis	● ● ● ● ●
Tirocini o stages / Internships or Stages	● ● ● ○ ○

Ambiti scientifici suggeriti / Suggested scientific arguments

Bioinformatica, Biomedical and Health Informatics, Informatica biomedica, Robotica, Sistemi Ciberfisici, Sistemi Intelligenti

Note ed informazioni aggiuntive / Remarks and additional info

The University of Bielefeld was one of the first European universities to introduce a bioinformatics study program, approx. 30 years ago. There are many different research groups in bioinformatics / computation biology, and a large number of courses (bachelor and master); this is no doubt one of the best universities globally for bioinformatics. Equally suitable for following courses, or for doing a master thesis, or both. The Center for Biotechnology (Cebitec) gathers biotechnology and bioinformatics research groups. Bielefeld University also has a strong tradition, and now a major research center, in robotics (Citec), and a master program 'Intelligent Systems' (master). Language: 1) All bachelor level courses are taught in German. For being able to follow bachelor level courses, B2-level German is necessary; intensive German courses (4 weeks) available for Erasmus students prior to beginning of the semester, therefore B1 in German on departure should suffice. 2) Many master level courses may be taught in English on request. For master's thesis, knowledge of English (B2) is sufficient (no German necessary). Research groups are mostly international, with working language English.

Slovenia
Koper/Capodistria

University of Primorska

Tirocini o stages / Internships or Stages	● ● ● ○ ○

Ambiti scientifici suggeriti / Suggested scientific arguments

Bioinformatica, Informatica Teorica, Ingegneria del Software, Didattica dell'Informatica.

Note ed informazioni aggiuntive / Remarks and additional info

Jena University has a bachelor degree (BSc) and master degree (MSc) in bioinformatics, many courses in different areas of bioinformatics (see bioinformatik.uni-jena.de), e.g. phylogenetics, mass spectrometry, systems biology, and others. Teaching language is German but many courses at the master level will be taught in English on request (in the presence of a foreign student). Master thesis in bioinformatics or computer science can be done in English. Close contacts to Bioinformatics group.

Ambiti scientifici suggeriti / Suggested scientific arguments

Ingegneria del software, Sicurezza, Sistemi Informativi

Note ed informazioni aggiuntive / Remarks and additional info

Il corso di laurea in ingegneria informatica, come il master post laurea, dell'Università di Las Palmas di Gran Canaria ha un taglio molto applicativo con particolare attenzione alle tecnologie emergenti. Si consiglia una esperienza Erasmus per frequentare corsi inerenti alla programmazione in ambito mobile o progettazione di infrastrutture e servizi cloud.

Stesura tesi di laurea / Degree Thesis	● ● ● ● ○
Tirocini o stages / Internships or Stages	● ● ○ ○ ○

Ambiti scientifici suggeriti / Suggested scientific arguments

Le attività suggerite sono quelle in ambito di linguaggi di programmazione e verifica del software, tramite analisi statica e interpretazione astratta. Aree di riferimento: informatica teorica, ingegneria del software, sicurezza, sistemi intelligenti. The suggested activities are on the fields of programmation languages and software verication, by mean of static analysis and abstract interpretation. Research areas: theoretical computer science, software engineering, security, intelligent systems.

Note ed informazioni aggiuntive / Remarks and additional info

La sede ospitante fornisce supporto per la sistemazione degli studenti presso casa degli studenti, a prezzo ridotto, accesso alla mensa e corso di francese gratuito prima dell'inizio dei corsi. The partner seat provides accomodation for students at student's House, at discounted fees, access to the canteen, and a free French language course before the start of the courses.

Turkey

Frequenza corsi avanzati / Attending advanced courses	● ● ● ● ●
Attività di laboratorio / Laboratory activities	○ ○ ○ ○ ○
Stesura tesi di laurea / Degree Thesis	● ● ● ● ●
Tirocini o stages / Internships or Stages	● ○ ○ ○ ○

Ambiti scientifici suggeriti / Suggested scientific arguments

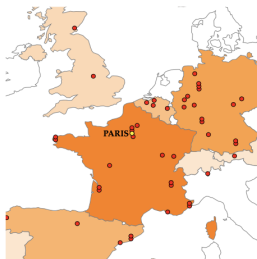

Informatica teorica, Ingegneria del Software, Sicurezza, Sistemi Cibersici, Sistemi Informativi, Sistemi Intelligenti, Sistemi Multimediali, Cryptography and Security, Algorithms and their Applications, Information Theory, Numerical Analysis, Computer Algebra, Programming Languages, Cartography and Geoinformatics.

Note ed informazioni aggiuntive / Remarks and additional info

Eotvos Lorand University Budapest (ELTE) is traditionally very strong in mathematics, now also computer science, world-famous famous alumni include Paul Erdos and Laszlo Lovasz. ELTE has a bachelor and master in Computer Science fully taught in English. Close contact with the Computer Algebra group, but thesis and specialization and/or course work in many other areas is also possible. Note that Computer Science at master level is also taught at the Dept. TTK (mostly theoretical comp.sc., discrete mathematics, algorithms). Depending on the choice of courses, Erasmus agreement with mathematics may be more suitable (discuss with coordinator!).

France
Paris

ECE Paris Lyon, School of Engineering

Ambiti scientifici suggeriti / Suggested scientific arguments

Financial Engineering, Statistical and numerical methods for Data Analysis.

Note ed informazioni aggiuntive / Remarks and additional info

ECE Paris is one of the main French Engineering Schools. Please contact Paolo Dai Pra' for more detailed information.

France
Nice

Université de Nice - Sophia Antipolis (*Quaglia Davide*)

Settori / Topics: Ingegneria e Scienze Informatiche / Computer Science, ICT

Attività consigliate nella sede / Suggested activities

Frequenza corsi di base / Attending basic courses	● ○ ○ ○ ○
Frequenza corsi avanzati / Attending advanced courses	● ○ ○ ○ ○
Attività di laboratorio / Laboratory activities	● ● ● ○ ○
Stesura tesi di laurea / Degree Thesis	● ● ● ● ●
Tirocini o stages / Internships or Stages	● ● ● ● ●

Ambiti scientifici suggeriti / Suggested scientific arguments

Sistemi cibersici / Cyberphysical systems, Sistemi embedded di rete / Network embedded systems. Progetto, realizzazione e simulazione di sistemi embedded con comunicazione wireless e energy harvesting. Tecniche di simulazione per sistemi misti discreti e continui. Design, realizzazione e simulazione di sistemi embedded con comunicazione wireless e energy harvesting. Simulation techniques for mixed continuous and discrete systems.

Note ed informazioni aggiuntive / Remarks and additional info

L'esperienza si colloca in uno dei più grandi campus tecnologici di Europa con più di 200 aziende ICT (ad es. Agilent, Cadence, Cisco, HP, IBM, Intel, Orange, Philips, ecc.) e apre a successive possibilità lavorative e di Dottorato di Ricerca. Sistemi embedded di rete con Laboratoire d'Electronique, Antennes et Télécommunications (LEAT). Sistemi cibersici con Institut National de Recherche en Informatique et en Automatique (INRIA). NON è richiesta la conoscenza del Francese. Reale esperienza di ricerca internazionale con possibilità di scrivere pubblicazioni. Un buon modo per conoscere un'altra cultura, iniziare a costruire una rete di relazioni internazionali per la propria carriera. Infine, possibilità di passare periodi di tempo in una regione ricca di attrazioni naturali e culturali.
