F. Information

1. Grading systems of the institutions

N BERGEN01:

Credit system and grading:

According to the International Education Credit Transfer System (ECTS), 60 “studiepoeng” is equivalent to 1 year of normal study for a full-time student, i.e. 60 *ECTS credits*. The full-time workload for one academic year is 1500 – 1800 hours of study / 60 “studiepoeng”.

The grading scale is explained briefly in the following table. For some programs, the criteria for determining each grade may be described in more detail. This explanation may be even more specific for some subjects.

Symbol	Description	General, qualitative description of valuation criteria
A	Excellent	An excellent performance, clearly outstanding. The candidate demonstrates excellent judgement and a high degree of independent thinking.
B	Very good	A very good performance. The candidate demonstrates sound judgement and a very good degree of independent thinking.
C	Good	A good performance in most areas. The candidate demonstrates a reasonable degree of judgement and independent thinking in the most important areas.
D	Satisfactory	A satisfactory performance, but with significant shortcomings. The candidate demonstrates a limited degree of judgement and independent thinking.
E	Sufficient	A performance that meets the minimum criteria, but no more. The candidate demonstrates a very limited degree of judgement and independent thinking.
F	Fail	A performance that does not meet the minimum academic criteria. The candidate demonstrates an absence of both judgement and independent thinking.
