CALL FOR APPLICATIONS FOR
ERASMUS+ STUDENT MOBILITY FOR STUDIES SCHOLARSHIPS 2019-2020

Art. 1 – General information

1. As part of the Erasmus+ initiative for individual mobility for studies in 2019-2020, the Erasmus+ Student Mobility for Studies programme allows students to study abroad at one of the University of Verona’s partner universities (also referred to as “Partner Institutions”) for a duration of 3-12 months. The scholarships can be used for:

- Full-time study at Bachelor’s, Master’s or PhD level (see point 3) – including thesis preparation (see Art. 2 point 1) but excluding any research not specifically relevant to the student’s degree programme – which must lead to gaining an officially recognised academic qualification (diploma or degree);

- Internship during a period of study, as long as the internship is approved and carried out under the supervision of the Institution where the student is studying and that these two activities (study + internship) are carried out consecutively.

2. Erasmus+ programmes (Student Mobility for Studies and/or Student Mobility for Traineeships) are open to students who are properly enrolled full-time in a Bachelor's, Master's or PhD degree (i.e. 1st, 2nd or 3rd cycle of tertiary studies) for a maximum of 12 months for each cycle of study. Students enrolled in a combined Bachelor's+Master’s programme (2nd cycle degree) may participate in Erasmus+ student mobilities for up to 24 months.

Example 1: A student who has already received a 5-month Erasmus+ scholarship during his/her Bachelor's degree (1st cycle degree) can receive one or more Erasmus+ mobility scholarships for up to 7 more months (12 months – 5 months completed = 7 months max.) while still enrolled in the Bachelor's degree. If the student is now enrolled in a Master’s degree (2nd cycle degree), he/she can receive one or more Erasmus+ mobility scholarships for up to 12 more months.

Example 2: A student enrolled in a combined Bachelor's+Master’s degree who has already received a 6-month Erasmus+ scholarship can receive one or more Erasmus+ mobility scholarships for up to 18 more months (24 months – 6 months completed = 18 months max.) during his/her degree programme.

3. Students gain academic recognition for their study abroad as long as they pass the relevant exams and assessments for each module. To this aim, each exchange student must draw up a Learning Agreement with the coordinating professor of their degree programme. The Learning Agreement must be defined and approved before departure for the study abroad.

Art. 2 – Erasmus+ Student Mobility for Studies (SMS)

1. Details of the number of places available, the length of stay at each Partner Institution and the study cycle available (see Art. 1, point 3) are specified in the prospectus summaries of each field of study (Appendix 1: List of Destinations and Informative sheets). These were established by the mobility programme coordinators when the exchange agreements were made. Informative sheets about the Partner Institutions are also available online (“Scheda and “Scheda Partner”).

After having read the list of destinations and the informative sheets, students are welcome to contact the Coordinator to ensure the modules offered by their preferred Partner Institution(s) are in line with their own degree programme.

N.B. Students who wish to participate in an Erasmus+ programme for the sole purpose of thesis research should contact their Mobility Programme Coordinator to check if this is possible. Please note that the destination university makes the final decision regarding whether to host each candidate for thesis research or not.

2. Mobility scholarships must be used between 1 June 2019 and 30 September 2020. Students may choose the specific dates of their study abroad period only after the ranking lists have been published, paying attention to the scheduled length of stay at each destination as specified in Appendix 1: List of available destinations and Informative sheets (see also Art. 6 “Selection”, point 6).

3. Students will not be required to pay enrolment fees at the host university; however, some institutions may ask for a supplementary fee to cover insurance costs, student union membership, public transport, materials (photocopies, laboratory products) etc., under the same conditions as local students.
Art. 3 – Mobility admission requirements

To participate in this call for applications, students must:

1. Be a full-time University of Verona student, correctly enrolled within the normal duration of a Bachelor’s degree, Master’s degree, combined Bachelor’s+Master’s degree or PhD programme (see Art. 1, point 2) at the time of application and for the entire duration of the period abroad.

2. Have correctly and fully paid their enrolment fees at the University of Verona at the time of application and for the entire duration of their stay abroad.

3. Meet the minimum level of language skills requested by their selected Partner Institution on the relevant Informative sheet (Appendix 1: List of available destinations and Informative sheets). If students do not have the necessary language proficiency at the time of the application deadline, it is their own responsibility to reach the language level requested by the host university by the specified date. Please refer to the specific selection criteria for each field of study (see Art. 6).

A special exam session for Erasmus mobility participants will take place at the University Language Centre – CLA (Centro Linguistico di Ateneo - CLA) between February and March 2019, in addition to ordinary exam sessions on schedule. Please note: any certifications awarded by CLA in such exam session will be recognised only to students who complete their Erasmus mobility in 2019/2020.

4. Be a resident in Italy or a country that is not the destination country.

Please also note that:

4.1 Applications are not open to students who are enrolled beyond the normal duration of their degree programme (i.e. fuori corso).

4.2 Applications from students who are in the third year of a Bachelor’s degree at the time of application will be considered only if they have completed at least 90 credits at the time of the selection (see Art. 6). Students must be enrolled in a University of Verona Master’s degree for 2019-2020 in the same subject area, or their scholarship will be revoked.

4.3 Applications are not open to students in the second year of a Master’s degree or the final year of a combined Bachelor’s+Master’s degree.

4.4 Students who are conditionally enrolled in a Master’s degree (i.e. carriera magistrale in ipotesi) at the time of application should mark “conditional enrolment in Master’s programme” on the application form (see Art. 7). They will be able to participate in the mobility programme only if they complete their Bachelor’s degree by the last possible exam session for the 2017-2018 academic year (i.e. March-April 2019), or the scholarship will be revoked.

4.5 Students enrolled in a joint university degree may participate in this mobility as long as their degree programme is administratively managed, or was initiated, by the University of Verona.

Art. 4 – Financial aspects

1. Erasmus+ Student Mobility for Studies scholarships financed by the European Commission are intended to be a contribution towards supplementary mobility costs (travel, accommodation, different cost of living). The scholarships are therefore not sufficient to cover the entire cost of the study abroad.

2. The monthly European contribution value is determined according to the cost of living in the destination country, based on three groups defined by the European Commission:

<table>
<thead>
<tr>
<th>Group</th>
<th>Mobility to:</th>
</tr>
</thead>
<tbody>
<tr>
<td>GROUP 1</td>
<td>Denmark, Finland, Iceland, Ireland, Luxembourg, Norway, Sweden, UK</td>
</tr>
<tr>
<td>GROUP 2</td>
<td>Austria, Belgium, Cyprus, France, Germany, Greece, Malta, Netherlands, Spain</td>
</tr>
<tr>
<td>GROUP 3</td>
<td>Bulgaria, Croatia, Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Republic of Macedonia, Republic of Serbia, Romania, Slovakia, Slovenia</td>
</tr>
</tbody>
</table>

3. In 2019-2020, the University of Verona will once again implement an Erasmus+ incentive scheme, granting an additional sum from the University and the Ministry of Education, University and Research.
This extra contribution will be determined according to each student’s ISEE band.¹

4. Scholarship amounts will therefore vary depending on the destination country and the student’s income band, as specified below:

<table>
<thead>
<tr>
<th>Mobility to:</th>
<th>BAND 1 (ISEE ≤ €30,000) Scholarship amount:</th>
<th>BAND 2 (ISEE &gt; €30,000) Scholarship amount:</th>

<td>€600 per month</td>
</tr>
<tr>
<td>GROUP 2 and GROUP 3</td>
<td>€650 per month</td>
<td>€550 per month</td>
</tr>
</tbody>
</table>

5. For mobilities to the following universities (double degree programmes), the scholarship amount is as follows:

<table>
<thead>
<tr>
<th>Mobility to:</th>

<tr>
<td>Universität Augsburg (Germany)</td>
<td>Master’s in Tradition and Interpretation of Literary Texts – double degree award</td>
<td>€1100 per month</td>
<td>€1000 per month</td>
</tr>
<tr>
<td>University of Kragujevac (Serbia)</td>
<td>Master’s in Historical Sciences (international curriculum) – double degree award</td>
<td>€1100 per month</td>
<td>€1000 per month</td>
</tr>
</tbody>
</table>

6. The European Commission annually allocates an additional sum as a further grant to students with disabilities. Students who wish to apply for this funding should go to the International Office at the same time as making their application so that their request can be sent in time to the Erasmus+ National Agency.

7. Students who receive an Erasmus+ Student Mobility for Studies scholarship are not permitted to receive any scholarships or funding from other European Commission programmes at the same time.

8. Mobility students do, however, have the right to receive in full any national grants and/or loans that they are the beneficiary of.

9. If a mobility student fails to spend at least 3 months abroad and/or does not obtain the minimum number of ECTS credits (CFU) required by the university in relation to the duration of the mobility, he/she will be required to repay his/her Erasmus+ mobility award in full. For further information on the number of credits that must be obtained while abroad, please see the University of Verona’s Regulations for international student mobility and the specific provisions of each field of study.

10. In the absence of appropriately justified, proven circumstances (e.g. a family death or serious illness), students who received a scholarship from the 2018/2019 call for applications, who then renounced their mobility scholarship and now intend to take part in this application round, will receive a reduced scholarship amount, as follows: € 400 (ISEE band 1) or € 300 (ISEE band 2) less per month.

Art. 5 – Other destinations

---

¹ Information about the ISEE for university scholarships will be obtained from the INPS database for all students who submit a benefits application form (DUB) from July 2019.
1. In 2019/2020 Switzerland does not take part in the Erasmus+ programme. However, in order to ensure the continuation of the existing cooperation initiatives, incoming and outgoing mobility scholarships will be paid by the Swiss government. The amount of each scholarship will be communicated by the host partner directly to each student before departure. Moreover, the University of Verona will grant an additional sum depending on each student's ISEE band:

<table>
<thead>
<tr>
<th>Band 1 (ISEE ≤ 30,000) Scholarship amount: €400 per month</th>
<th>Band 2 (ISEE &gt; 30,000) Scholarship amount: €300 per month</th>
</tr>
</thead>
</table>

2. In 2019/2020 students will have the opportunity to spend their mobility period at the Catholic University Our Lady of Good Counsel in Tirana, Albania, (see Appendix 1: List of available places for the School of Medicine) and at the Yerevan Brusov State University of Languages and Social Sciences in Yerevan, Armenia (see Appendix 1: List of available places for Foreign Languages and Literatures area).

Students who intend to choose one of these destinations are encouraged to contact the coordinator before applying. The amount of the scholarships for both destinations is as follows:

<table>
<thead>
<tr>
<th>Mobility to:</th>
<th>Coordinator</th>
<th>Degree programme/field of study</th>
<th>Band 1 (ISEE ≤ 30,000) Scholarship amount: €1100 per month</th>
<th>Band 2 (ISEE &gt; 30,000) Scholarship amount: €1000 Euro per month</th>
<th>Travel expenses</th>
</tr>
</thead>
<tbody>
<tr>
<td>Albania</td>
<td>Prof. Nicola Smania</td>
<td>Medicine (physical therapy)</td>
<td>€1100 per month</td>
<td>€1000 Euro per month</td>
<td>€275 one-time payment</td>
</tr>
<tr>
<td>Armenia</td>
<td>Prof. Stefan Rabanus</td>
<td>Foreign Languages and Literatures</td>
<td>€1100 per month</td>
<td>€1000 Euro per month</td>
<td>€360 one-time payment</td>
</tr>
</tbody>
</table>

Art. 6 – Selection

1. The selection of candidates for each field of study will be made by a specific selection committee, who will draw up a ranking list based on an evaluation of each student's academic transcript (credits obtained in relation to their year of enrolment, average grades and any additional criteria), and taking into account each applicant's preferred study destination (see Art. 7).

Academic merit will be calculated as follows, based on the information present in ESSE3 (student academic records database) after the deadline of the call for applications:

1. Level of studies, in the following order of priority: PhD, Master's degree, combined Bachelor's+Master's, Bachelor's degree
2. Number of merit points (on academic record), in decreasing order
3. The destination will be assigned according to the number of places available and the candidate’s specified order of preference

For further information about the selection committees or selection criteria, students should visit the web page of the relevant Department or School. Any changes in academic status and/or study-related data registered after the ranking lists have been drawn up will have no effect on the results of the ranking list. In cases of equal merit, priority will be given to students who have not previously participated in an Erasmus programme (for either study or internship) or those who have spent a fewer number of months abroad.

2. The provisional rankings will be published on the university website by 5 March 2019.
Candidates must report any points calculation errors to the International Office within 7 days of the provisional ranking list being published. Any reports received after such time will not be taken into consideration.

3. Selection committees may interview students on their reasons for applying and to ensure what the students wish to achieve abroad is in line with what their chosen host universities offer. In this case, candidates will need to check the date, place and time of their selection committee interview online at: http://www.univr.it > International Relations > Study abroad > Erasmus+ and other opportunities > Documents > Erasmus+ for studies - Call for application.

4. The final rankings will be published by 25 March 2019 on the University website at: http://www.univr.it > International Relations > Study abroad > Erasmus+ and other opportunities > Documents > Erasmus+ for studies - Call for application. Within 7 days of the publication of the final ranking list, successful candidates must confirm on ESSE3 that they accept the destination and the mobility period. Failure to formally accept the offer within this time will result in the student being removed from the ranking list. Moreover, if such student intends to apply for the same kind of scholarship in the future, the amount of his/her scholarship will be reduced according to Art. 4, point 10.

5. The International Office will send the names of the successful candidates (nominations) to the relevant destination universities, which will make the final decision on whether to admit each candidate or not and for the modules and/or activities previously agreed upon, based on their own guidelines. Please note that if the final date for sending the required documents (application form and attachments) to the destination university for Semester 1 occurs before the publication of the final ranking lists, the mobility period will be postponed to Semester 2.

6. By 30 April 2019 the Selection Committee may reallocate any available places remaining for one-semester scholarships (less or equal than 6 months), strictly to be used in Semester 2.

Art 7 – Application procedure and deadline

1. Before submitting an application for this call, students who are aware of any errors or delays in recording their academic data should first request that this information be corrected or updated on their academic record by contacting the Student Secretary and/or the relevant teaching facility before the application deadline. Application forms must be completed electronically online on Esse3 by 20 FEBRUARY 2019 (12:00 noon, Italian time).

Students must state:
- Their language level at the time of the application (see Art. 3, point 3);
- Any previous Erasmus mobility programmes they have participated in;
- Their chosen mobility destination(s), in order of preference (see the "Guidelines for completing the online Erasmus+ application form").

After completing the form, it is necessary to click “CONFERMA ISCRIZIONE E STAMPA DEFINITIVA” [confirm registration and print]. This is necessary in order to submit the form. It is not necessary to send the automatically-generated PDF to the International Office. This should be kept by the student as proof that the application was sent correctly. For further technical details about completing the application form online in Esse3, see the “Guidelines for completing the online Erasmus+ application form” at the same web address.

2. It is important for students to choose each of their universities carefully, referring to the information contained in Appendix 1: List of available places and Informative sheets to ensure that the modules offered at each destination are compatible with their own degree programme and that the duration of the exchange is appropriate to their own plans, since they could be assigned to any of the choices they select (see Art. 6).

3. Students may not choose host universities in a different field of studies to their own degree
programme.

4. **Students from non-European Union countries** must attach a copy of a document stating they are a “permanent resident” or “stateless” or a “refugee” and/or a copy of their stay permit (*carta di soggiorno* or *permesso di soggiorno*), which should be current and preferably still valid for the entire duration of their intended stay abroad. Non-EU students who are awarded an Erasmus+ scholarship must ensure their papers are completely in order before departing (e.g. renewing their stay permit/visa, etc.) and for the entire duration of the mobility period abroad, or the scholarship will be revoked and any funding received must be repaid.

5. **PhD students** must attach to their application form an authorisation letter from their PhD Coordinator giving the student permission to spend a period abroad.

6. We remind applicants that the Administration is required to check the truthfulness of any substitutive declarations received and that, if any declaration is found to be false, apart from the fact that you will not receive any benefits obtained through the untruthful declaration, criminal sanctions are applicable for false statements and the alleged falsification of documents. In such a case, students concerned who have already received funding will be excluded from the programme and will be required to return the entire sum of money already received.

**Art. 8 – Information on the processing of personal data**

1. Pursuant to Art.13 of Regulation (EU) 2016/679 (henceforth: Regulation), the University of Verona hereby informs the students who intend to apply for the present call that the processing of their own personal data - provided by them or acquired to this end by the university - will be carried out at the university for the sole purpose of this call by authorised staff, also using information technology means, within the limits and under the conditions required to pursue the purposes mentioned above, including the transmission of the data to the host institution. The data will be kept in compliance with the rules on the conservation of administrative documentation.

2. The Data Controller is the University of Verona (Tax code: 93009870234; VAT number: 01541040232), headquarters in Verona, via dell'Artigliere 8, IT-37129, Verona. Certified email (PEC): ufficio.protocollo@pec.univr.it, email: privacy@ateneo.univr.it, ph: +39 045.8028777.

3. The submission of such data is fundamental in order to ascertain the applicant's requirements and the qualifications he or she actually holds: failing to provide information in this regard means the application will not be considered.

4. The ranking lists will be published in compliance with the law and the results will be communicated only to the applicants included in the call; no further communication to third parties will be sent, with the possible exception of requests by judicial and control authorities.

5. Where provided by law, applicants may exercise the following rights: to obtain by the University of Verona access to data relating to them; to have their own information rectified or erased; to restrict the processing of their personal data, or object to it (pursuant Art.15 and following of the Regulation). The specific request can be submitted to the University of Verona by contacting the Data Protection Officer to the following email address: dpo@ateneo.univr.it

6. If an applicant considers that the processing of personal data relating to him or her has been managed in violation of the Regulation, he or she has the right to lodge a complaint with the Italian data protection authority - “Garante per la protezione dei dati personali” (Art. 77 of the Regulation), or else to start proceedings (Art. 79 of the Regulation).

**Art. 9 – Further information and contact details**

1. The International Office organises **Erasmus Info Days** to present the technical aspects of the programme and explain how to complete the application form. The dates for these meetings, as well as all the information about this call for applications and any updates and/or further specifications, will be posted online on the university website at:
