1. WELCOME TO VERONA

Verona, the City

Verona is a city where you can easily find your way around and get from one place to another on foot, surrounded by more than 2,000 years of history.

One of the best known monuments is the Arena, the ancient Roman amphitheatre where opera, music and ballet performances take place in summer. However, Verona has much more to offer, such as the exclusive Piazza dei Signori, the enchanting Piazza delle Erbe, the stunning Teatro Romano (an ancient open-air theatre still home to ballet and plays), the Torre dei Lamberti (from which you can enjoy a bird's eye view of the city), the Romanesque church of San Zeno, the medieval Castelvecchio, the beautiful Giardino Giusti.

Not far from the Lake Garda (*Lago di Garda*), Verona has a strategic position and magnificent surroundings, which make it an attractive destination for international tourists.

2. STUDYING AT THE UNIVERSITY OF VERONA

Studying at the University of Verona

The University of Verona was established fairly recently but its cultural background dates back to the 14th century, when lectures in law, medicine, literature and philosophy were held in the cultural circles of the city. Nowadays, with more than 700 professors and 700 administrative and technical staff members, the University is home to about 25,000 students.

In spite of its steady growth, the University of Verona still retains the atmosphere of a small campus where students and professors can meet, learn and work together, sharing ideas and knowledge.

The University of Verona highly values its relationship with the city of Verona and its territory. For this reason, a wide range of cooperation initiatives are in place in order to drive cultural and economic growth opportunities for both the University and the city.

The international outlook of our University is demonstrated by more than **400 international cooperation agreements** signed with EU and Non-EU universities, as well as many international exchange and research programmes for students and scholars.

In the a.y. 2018/19, 350 incoming students spent their Erasmus period at the University of Verona, and more than 800 outgoing students were involved in European and extra-European exchange activities.

Every year international students from all over Europe, and from Argentina, Australia, Brasil, Canada, China, Colombia, Japan, Mexico, South Korea, Russia, Taiwan and USA, choose to spend their exchange study period at our University, while more than 1400 foreign students are currently enrolled as full-time students.

Most programmes at the University of Verona are taught in Italian. Students wishing to attend programmes in the **field of Humanities** are recommended to attach a B1 level Italian language certificate (or equivalent) to their Application Form.

Students wishing to attend programmes in the **field of Economics** should contact the Erasmus Tutoring Service - *Tutorato Erasmus Economia* (erasmus.economia@ateneo.univr.it) to check that they meet the language requirements specific for each level of study (First-cycle degree - *Laurea*; Second-cycle degree - *Laurea Magistrale*) and type of programme (Italian- or English-taught.)

Modules offered in a foreign language

In the a.y. 2020/2021 some **degree programmes** taught in English or other foreign languages will be available. Moreover, a list of course units or modules taught in a foreign language is available on the [Online Course Catalogue](#) (search by language, e.g. English).

The academic year starts on the first day of October and ends on the last day of September.

The first semester runs from September/October to the beginning of January, while the second semester goes from the end of February to the end of May.

Assessments take place during the summer (June/July) or winter (December/February) sessions, but also in autumn (September), depending on the field of study.

Lesson timetables, holidays and assessment dates, will be made available on the [University's website](#) in September.

ECTS

The ECTS (*European Credit Transfer System*) is a student-centred system based on the student workload required to achieve the objectives of a programme, objectives preferably specified in terms of learning outcomes and competences to be acquired.

The ECTS system facilitates the recognition of periods of study abroad and it is based on the convention that 60 credits measure the workload of a full-time student during one academic year.

The student workload of a full-time study programme in Europe amounts in most cases to 36/40 weeks per year and in those cases one credit stands for 24 to 30 working hours. *Workload* refers to the time an average learner is supposed to achieve the required learning outcomes.

1 Italian Credit (CFU) = 25 working hours = 1 ECTS credit

Information on each module's number of credits and workload required for each course unit or module is available on the University's website ([Online Course Catalogue](#)).

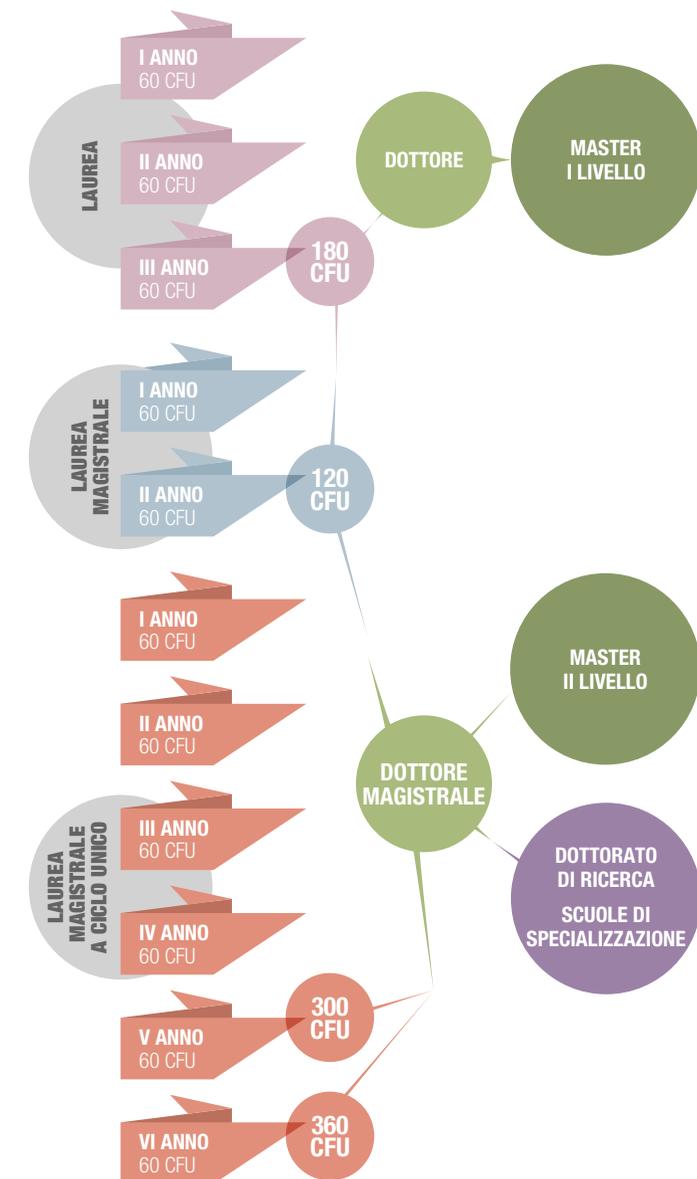

In accordance with the national grading system, the University's grades are based on a 30-point scale from 18/30 (lowest) to 30/30 (highest), plus 30/30 *cum laude*.

These grades are converted - according to the ECTS scale - in the Transcript of Records, which contains the final results achieved by incoming students during their study period at the University of Verona. [ECTS grading scales](#) are available on the University's website.

The Italian University System

In accordance with the Bologna process, Italy has adopted a Higher Education system based on three study cycles:

- **First cycle:** 3-year programme, 180 ECTS credits (*Laurea* – Bachelor's degree);
- **Second cycle:** 2-year specialisation degree programme, 120 ECTS credits (*Laurea Magistrale* – Master's degree). Some programmes in Law (*Giurisprudenza*) and Medicine (*Scuola di Medicina*) may last from 5 to 6 years (*Corsi a ciclo unico* - Single-Cycle degrees or Combined Bachelor+Master's degrees);
- **Third cycle:** advanced courses are offered to those who wish to focus on particular subjects or disciplines (PhDs, Postgraduate specialisation programmes).

3. ENROLMENT AND REGISTRATION

Students are strongly recommended to participate in the Orientation Day taking place in their semester of arrival.

Study plan (Learning Agreement)

International Exchange students coming to the University of Verona should have a *Learning Agreement* duly signed by their home university coordinators.

The *Learning Agreement* is a document, provided by your home university, which outlines the study plan that you will attend at the University of Verona. A [form template](#) is available online.

Enrolment and exam sessions

After sending their complete application form, International Exchange students are officially enrolled: once in Verona, they will be provided with a Student ID Card (*Tessera di immatricolazione*) which also includes a student ID number (*Numero di matricola*) and password.

Using their username and password, students can register for assessments and exams. For any technical enquiry, please speak to the IT assistant of your Department.

4. ACCOMMODATION AND STUDENT FACILITIES

Accommodation (Housing)

Italian Universities do not generally have a campus system. Students can ask for information and support to the International Office to find an accommodation in Verona.

After completing the application form (see *Before Arrival* section) students will be provided with information about types of available accommodation in Verona either in the ESU Residences or in private flats (International Students Union - ISU).

 Facebook: [Isu Private Accommodation](#) 2020/2021:

IMPORTANT: You are strongly recommended NOT to look for accommodation by yourself (BEWARE of online fraud!). Please always ask for support to the International Students Union.

Please note that private accommodation is not guaranteed: finding a flat/room depends on places available.

Students who will attend courses or practical training activities in a different location outside Verona (Ala, Bolzano, Legnago, Rovereto, Vicenza, Trento) should speak to their Academic Coordinator, and ask for support in finding accommodation.

6. PRACTICAL INFORMATION

EU citizens

Following the entry into force of Decree no. 30 of 6 February 2007 regarding the Application of the Directive 2004/38/CE about the right of EU citizens and their relatives to freely circulate and stay in the Member States, you are allowed to move without restrictions throughout Italy without having to apply for a residence permit. Provided you have a valid identity document, during your first 3 months of stay you have no requirements to fulfil.

After 90 days of continuous stay in Italy, you have to register at the Municipality of the town where you have your domicile (*Comune - Ufficio Anagrafe*). Should you need help, please get in touch with the [International Students Union \(ISU\)](#) online.

Documents required:

- valid identity document;
- a copy of your university enrolment certificate (available at the International Office);
- copy of health insurance coverage;
- bank account (In Italy or in your home country) to show evidence of your financial support for your study period in Italy (about €453 per month - see 'Assegno sociale INPS 2019').

Non-EU citizens

The residence permit is a document issued by the Police Headquarters (*Questura*) in the city or town where you live, which entitles you to temporarily live in Italy.

The residence permit application must be submitted within 8 working days from the arrival in Italy, only through approved Post offices.

If you are staying less than 90 days it is required to report your presence at the Police Headquarters. The procedure is free of charge. If you are staying longer than 90 days, residence permit application will cost approximately €118.

After completing the application, you will receive a receipt that you must keep and always show together with your passport. Should you need help, please get in touch with the [International Students Union \(ISU\)](#) online.

You'll be able to know the current status of the procedure by using the Username and Password on the receipt.

Documents required to upload on ISU portal:

- valid Passport;
- D type study visa;
- entry stamp on your Passport;
- certificate of university enrolment (available at the International Office);
- 4 passport-sized photographs with light background;
- copy of health insurance coverage;
- your bank account balance (In Italy or in your home country) to show evidence of your financial support for your study period in Italy (about €453 Euro per month – see "Assegno sociale INPS 2019").

Do not forget!

Non-EU citizens need to apply for a study VISA before leaving their home country. Applications should be submitted at the nearest Italian Embassy or Consulate in your home country.

You might need an official letter of acceptance (*Invitation letter*) issued by the International Office of the University of Verona.

Please request *your Invitation letter* to:

✉ relazioni.internazionali@ateneo.univr.it specifying your details, the *Certified Email* (PEC) of the Embassy and/ or a postal address where the *Invitation letter* must be sent. In order to obtain a renewal of residence permit, citizens of a non-EU country should ask for a new one at least 30 days before the expiry date.

In case of an expired residence permit, you may face very serious consequences (you will have to return to your country immediately and will no longer have the opportunity to return to Italy).

Please make sure your immigration procedure is regular, otherwise you will not be able to receive the final certificate and the *Transcript of Records* from the International Office at the end of your mobility period.

Health and Insurance

Health insurance is compulsory.

Before leaving their home country, international students should make sure to have all the necessary information on how to obtain public medical assistance in Italy. Please contact [International Students Union \(ISU\)](#) for information or support.

EU Citizens

EU citizens should be in possession of the *European Health Insurance Card* - EHIC (or *Tessera Europea di Assicurazione Malattia* - TEAM) issued by the Health Institution in your home country.

During a temporary stay in Italy, in order to be provided with urgent or unforeseen health treatment, EU citizens can obtain direct services at the public and contracted private structures of the Italian National Health Service (SSN), which is a network of Local Health Units (ULSS, former ASL – *Aziende Sanitarie Locali*) and hospitals. Direct services are defined as health treatments provided free of charge.

Do not forget!
