- A Welcome Programme is offered for all international students in the frame of the Orientation day. Students will be introduced to different aspects of being a student in Hungary through practical information. We organize an Orientation week-end throughout which the students are taken around in the capital with interesting entertainments.
- Language courses: Pázmány Péter Catholic University offers Hungarian Language Course to non-native speakers of Hungarian during the semester.
- We operate a personal tutor system; each incoming student receives a personal tutor who helps in any matters before the arrival and during the whole semester.
- Accessibility
Making teaching and services accessible to all is a priority for Pázmány University, Budapest. The University's desire to integrate disabled students is demonstrated by the measures it has undertaken to improve accessibility to its premises, and to provide individual help and special arrangements.
The whole of the main building "A" and "B" are accessible, including its lecture rooms, classrooms, IT labs, cafeteria, offices and toilets.
Our third building "C" is still to undergo renovation to make it accessible to all.
