

Anno Accademico 2015/16
Corso di Laurea in Fisioterapia
Sede di Vicenza

Docente: Dott.ssa Giada Goracci

Programma del Modulo di Inglese Scientifico (crediti n°3)

Ore di lezione: n° 45

Anno di corso 1 semestre 1-2

Course aims

Students will acquire/improve their ability to understand and produce both written and oral scientific texts. Particular attention will be given to the lexical, syntactic, phonological and pragmatic aspects of scientific English. Lectures will include text analysis, lexical work, and practical exercises and interactive activities, therefore students' participation is strongly recommended.

Topics

Phonetics and Phonology of the English Language
Morphology, Syntax, Verb System
Anatomy (Parts of the body)
Medical and Paramedical Personnel and Places
Systems, Diseases, Symptoms
Lab tests and X-ray
Treatments, therapies, examinations
Presentations, research articles and abstracts: analysis and practice.

Exam

Viva in English.
