

Corso di Laurea in ...Logopedia.....

Sede di Verona.....

Anno Accademico 2015/16

Docente: Prof. Cestaro Antonella

**Programma del Modulo di ...LOGOPEDIA DEI
DISTURBI DELLA VOCE..... (crediti n°2...)**

Ore di lezione: n°...24....

Anno di corso 2015- 2016.....semestre...2°

Obiettivi Formativi
(conoscenze e abilità da
conseguire)

1. essere in grado di effettuare una valutazione logopedica e un programma riabilitativo collocando le metodologie all'interno dei bisogni specifici dell'utente e delle migliori evidenze scientifiche.
2. Saper misurare l'outcome logopedico tramite metodiche oggettive e soggettive.
3. Saper adottare tutte le condizioni necessarie per una buona prassi nell'ambito dei disturbi della voce nell'adulto.

Programma/Contenuti

RIFERIMENTI ALLE TEORIE SULLA FONAZIONE E AGLI STUDI SCIENTIFICI in relazione ad aspetti quali: la disfonia e la fatica vocale.

VALUTAZIONE LOGOPEDICA

Metodologia oggettiva: analisi acustica

Metodologia soggettiva:

a) analisi percettiva

b) Questionari di auto percezione (impatto sulla Qualità di vita)

Protocolli di valutazione: indirizzo dell'ASHA ed indirizzo europeo

Riferimenti alla letteratura scientifica con particolare attenzione agli indicatori rilevanti per la patologia.

Modalità di Verifica dell'apprendimento

TERAPIA LOGOPEDICA

approcci e metodologie riabilitative con riferimenti alla letteratura scientifica in rapporto alla loro efficacia e al contesto di applicazione

Obiettivi riabilitativi e presupposti per una buona prassi.

Esame: test a scelta multipla + elaborato su un caso clinico
