F. Information

1. Grading systems of the institutions

P PORTO02

The University of Porto uses the ECTS Grading system. The number of ECTS credits for each course reflects the total number of hours a student is expected to devote to the course (in the form of lectures, homework, reading, essays, consultations, seminars, etc.). 60 ECTS credits are attached to the workload of a full-time year of formal learning (academic year) and the associated learning outcomes. At the University of Porto, one credit corresponds to 27 hours of student total work.

1 full academic year = 60 credits

1 semester = 30 credits

Local Grades awarded on a scale of 0-20 (pass mark 10)

18 to 20	Excellent
16 and 17	Very good
14 and 15	Good
10 to 13	Sufficient

ECTS Grades

The ECTS grading scale is based on the percentile (similar but not identical to the class rank) of a student in a given assessment, that is how was his/her performance relatively to other students enrolled in the last three years of the same curricular unit/course (or in a significant group of students). Therefore, ECTS grade does not have a direct fixed correspondence to the local grade.

ECTS Grade Nota ECTS	% of students who have achieved this grade % de alunos que obtiveram esta nota
----------------------------	--

A	10
B	25
C	30
D	25
E	10
FX	-
