

Double Degrees at the University of Verona
Call for applications

Academic Year 2023/2024
(Winter session 2023)

*Please note: this is a translation of the original document 'Avviso per la selezione di studenti da ammettere ai percorsi di laurea a doppio titolo dell'Università degli Studi di Verona' in Italian. In case of any divergence of interpretation, the Italian text shall prevail.

The present Call is intended for applicants wishing to enroll in one of the following Double degree programmes as first-year students for the academic year 2023/24:

Joint/Double Degree			
Degree awarded by the University of Verona		Degree awarded by the Partner University	
Università di Verona (Italy)	<u>Laurea magistrale in Tradizione e interpretazione dei testi letterari</u>	<u>Universität Augsburg</u> (Germany)	<u>Master of Arts: Europäische Kommunikationskulturen/Italienisch - Tradizione e interpretazione dei testi letterari/Curriculum italo-tedesco</u>
Università di Verona (Italy)	<u>Laurea magistrale in Tradizione e interpretazione dei testi letterari</u>	<u>Universität Freiburg</u> (Switzerland)	<u>Master of Arts en Langues et Littératures : Italien</u>
Università di Verona (Italy)	<u>Laurea magistrale in Tradizione e interpretazione dei testi letterari</u>	<u>Università della Svizzera Italiana - Lugano</u> (Svizzera)	<u>Master in Lingua, letteratura e civiltà italiana</u>
Università di Verona (Italy)	<u>Laurea magistrale in Storia delle arti</u>	<u>Technische Universität Dresden</u> (Germany)	<u>Masterstudiengang Kunstgeschichte</u>
Università di Verona (Italy)	<u>Laurea magistrale in Scienze storiche</u>	<u>Technische Universität Dresden</u> (Germania)	<u>Masterstudiengang Geschichte</u>
Università di Verona (Italy)	<u>Laurea magistrale in Linguistics</u>	<u>Universität Konstanz</u> (Germania)	<u>Master in Linguistik</u>
Università di Verona (Italy)	<u>Laurea magistrale in Languages, literatures and digital culture</u>	<u>Universidad de Coruña</u> (Spagna)	<u>Mestrado Universitario de Literatura, Cultura e Diversidade</u>
Università di Verona (Italy)	<u>Laurea magistrale in Mathematics</u>	<u>Universität Stuttgart</u> (Germany)	<u>Master of Science in Mathematics</u>
Università di Verona (Italy)	<u>Laurea magistrale in International Economics and Business (IEB)</u>	<u>Université de Bordeaux</u> (Francia)	<u>Master Mention Economie internationale – Parcours : Economie, banque et finance internationales</u>
Università di Verona (Italy)	<u>Laurea magistrale in International Economics and Business (IEB)</u>	<u>Universität Bamberg</u> (Germania)	<u>Master of Science in European Economic Studies</u>
Università di Verona (Italy)	<u>Laurea magistrale in Economics and Data Analysis (EDA)</u>	<u>Universität Würzburg</u> (Germania)	<u>Master in Science in International Economic Policy</u>

GENERAL INFORMATION

ART. 1 – INTRODUCTION

1.1 The University of Verona, based on a range of agreements with international partner universities, is able to provide its students with international courses that enable them to obtain a Double degree at the time of graduation. Students enrolled in a Double degree programme will therefore be able to obtain both the degree of the University of Verona and the degree awarded by the Partner University abroad - where they are expected to attend part of the programme - in the time normally required to complete a normal Master's degree.

1.2 At the end of the Double degree programme, and after having passed the relevant exams at both universities, students will obtain two qualifications: one issued by the University of Verona, and the other from the Partner University.

ART. 2 – ELIGIBLE CANDIDATES

2.1 Applications for Double degree programmes are open to applicants falling within one of the following categories: a) students, regularly enrolled at the University of Verona; b) students, regularly enrolled at another Italian university; c) graduates holding an Italian qualification that is among the entry requirements of their chosen Double degree programme; d) candidates holding a qualification gained at a foreign university, subject to Eligibility Check (evaluation of entry requirements) for their intended Double degree programme: such students will need to follow the national regulations on admissions and/or academic recognition for foreign students (for further information, please see: <https://www.univr.it/en/our-services/-/servizi/international-degree-seeking-students>).

2.2 Students taking part in a Double degree programme will need to be enrolled in the relevant University of Verona Master's degree before commencing their mobility period at the Partner University.

ART. 3 – ADMISSIONS CRITERIA

3.1 Concerning admissions, a limited number of places are made available for each Double degree programme: the total number of eligible students is established each year, as indicated in the individual programme factsheets attached to this document.

3.2 The admissions criteria vary depending on the Double degree programme in which candidates intend to enrol, by the methods established by the Teaching Committee of each degree programme. The admissions criteria for each programme are set out in the individual programme factsheets attached to this document.

3.3 For each programme, the assessment of entry requirements will be carried out by a committee made up of members from each University concerned, or by a committee set up by the University of Verona specifically for the programme in question, subject to approval by the Selection Committee from the Partner University.

3.4 Admission to the Double degree programme and the enrolment are conditional on the student advancing their studies and/or gaining a sufficient number of ECTS/CFU credits during the first part of the programme at the University of Verona. Students will have their enrolment confirmed during the programme, by the deadlines and according to the procedures set out in the individual programme factsheets attached to this document.

ART. 4 - DOUBLE DEGREE PROGRAMMES - MAIN PROCEDURES

4.1 Students admitted to a Double degree programme enrol at the University of Verona and carry out a part of their studies at the Partner University, as indicated in the prospectuses uploaded on the web page of the relevant degree programme, in the 'Double degree programmes' section.

4.2 Students will carry out their mobility during a specific period of their degree programme, as set out in the individual programme factsheets attached to this document.

4.3 In order to obtain the Double degree, it is necessary to achieve a certain number of ECTS/CFU credits at the Partner University, as set out in the study plan: these will be added to the ECTS/CFU credits to be gained at the University of Verona; the total number of ECTS/CFU credits required for obtaining a Double degree is the same as the total number of ECTS/CFU credits required for obtaining a normal Master's degree (120 ECTS/CFU).

4.4 If the student fails to achieve the number of ECTS/CFU required during the period abroad at the Partner University, they will be excluded from the programme and from obtaining the Double degree. Since failing to obtain the Double degree does not necessarily mean that the student cannot continue their studies at the University of Verona towards the corresponding Master's degree, the student may still apply to the Teaching Committee of the relevant degree programme to obtain recognition of any ECTS/CFU gained at the Partner University, and request a transfer to the normal degree programme.

ART. 5 – STUDENT FEES AND CONTRIBUTIONS

5.1 Students, who will be enrolled as University of Verona students and will pay student fees and contributions at the University of Verona during the entire programme, will be welcomed at the Partner University in accordance with the current procedures in place for international students taking part in a mobility programme, based on the agreement entered into by the parties to establish the international Double degree programme.

5.2 No student/tuition fees shall be paid at the Partner University. However, the Partner University may ask the student to pay for other specific types of fees (e.g., regional student/stay fees etc). The student will have to pay for any other expenses related to the stay, travel and any other aspects not covered by the university enrolment.

ART. 6 – RIGHTS AND DUTIES OF PARTICIPATING STUDENTS

6.1 Should mobility grants for Double degree students be awarded, the number of such grants will be indicated on the individual programme factsheets attached to this document.

6.2 In the case of Double degree programmes based at a European Partner University, a number of Erasmus+ grants corresponding to the number of places available for the programme will be reserved for the selected students; the selected students will in any case be required to comply with the administrative procedures necessary to obtain these grants, in accordance with the procedures set out in the

Erasmus+ Call for applications. For information, please contact the International Office by the methods indicated in the section 'International' from the homepage of the University's website: www.univr.it.

6.3 It is the responsibility of the student to apply for and obtain all visas and documents required by the country of the Partner University in order to carry out the mobility period.

6.4 Students are advised that during the mobility period they will need to abide by the regulations and rules in force in the host country and at the Partner University.

6.5 For information on health care abroad and insurance coverage for students during the period of mobility, please contact the International Office by the methods indicated in the section 'International' from the homepage of the University's website: www.univr.it.

ART. 7 - APPLICATIONS

7.1 Applications and the relevant attachments (if required) must be submitted by the methods indicated for each Double degree programme in the individual programme factsheets attached to this document.

ART. 8 – SELECTION PROCEDURES

8.1 Selection procedures, which may vary depending on each Double degree programme, are indicated in the individual programme factsheets attached to this document.

ART. 9 - PUBLICATION OF THE LIST OF ELIGIBLE STUDENTS AND CONFIRMATION

9.1 At the end of the selection procedures, a 'graduatoria' (list of eligible students) will be drawn up for each Double degree programme included in this Call, in accordance with the criteria set out in the individual programme factsheets attached to this document. The lists of admitted students for each programme, with an indication of any mobility grants awarded, will be published on the web page of the relevant degree programme.

9.2 If the student chooses to withdraw from the programme, or if their student status lapses, the mobility grant will be awarded to the next candidate on the list of eligible students, if still in time to participate in the programme.

9.3 Selected applicants must communicate their acceptance by the methods and deadlines indicated in the 'graduatoria' or selection notice.

9.4 Selected applicants who do not confirm their acceptance by the above terms will be regarded as withdrawn from the selection process.

ART. 10 – ENROLMENT

10.1 Selected candidates who are not regularly enrolled at the University of Verona at the time of selection must complete their enrolment in the degree programme in which the Double degree option is offered before undertaking their programme of study.

ART. 11 – PROCESSING OF PERSONAL DATA

11.1 Personal data provided by candidates who apply for the Double Degree programme are processed in accordance with EU Regulation 2016/679 and the applicable personal data protection regulations, for the purpose and with the modalities identified in the present Call. An information notice for students on the purposes of the processing, data recipients and the rights of Data Subjects is available on the University's web site, at the following link: www.univr.it/privacy.

ART. 12 – ADMINISTRATIVE PROCEDURE OFFICER

12.1 Pursuant to and for the purpose of Law no. 241/1990 and subsequent amendments, the Administrative Procedure Office is specified in each programme factsheet

PROGRAMME FACTSHEETS

Joint/Double Degree

<u>Università di Verona (Italy)</u>	<u>Laurea magistrale in Tradizione e interpretazione dei testi letterari</u>	<u>Universität Augsburg (Germany)</u>	<u>Master of Arts: Europäische Kommunikationskulturen/Italienisch - Tradizione e interpretazione dei testi letterari/Curriculum italo-tedesco</u>
