F. Information

1. Grading systems of the institutions

S UMEA01: The Higher Education Ordinance states that the following grades may be awarded: Pass with Distinction (*väl godkänd*), Pass (*godkänd*) or Fail (*underkänd*) unless the institution decides to grade on some other scale. A number of courses use only two grades: Pass or Fail. Others, for example in Law and Engineering, traditionally use scales with several levels – expressed as letters or numbers. No overall grade is given for a degree and students are not ranked. For comparison of grades, The Vice-Chancellor of Umeå University has decided that the ECTS Grading Table (EGT) shall be used instead of the ECTS grading scale (A-F). Grade distribution will not show for courses established less than two years before the date when the student has completed his/her course. Student's home university is responsible for any translation into their local grading system.
