F. Information

1. Grading systems of the institutions

Oulu University of Applied Sciences' grading scale is either numeric from 0 (fail) to 5 (excellent), or verbal on scale pass/fail. A number of courses, assignments and modules can be assessed on the scale of pass/fail in which case numeric grades are not given. A (verbal) pass grade means that the student has reached the objectives and learning outcomes of the course. Thus, an Oulu UAS verbal grade "pass" is not to be interpreted as only the lowest possible pass grade. Oulu UAS's curricula are competence-based and objectives, learning outcomes and assessment of courses are defined in the course descriptions. Assessment in Oulu UAS is not based on statistical distribution of grades. Further information on assessment: <http://u.oamk.fi/assessment>. All persons moving within this agreement must obtain a comprehensive health/travel insurance for the entire time spent abroad. It is sending institution's responsibility to inform their outgoing mobility participants about this requirement.

Oulu University of Applied Sciences does not provide insurance coverage for foreign students or staff members not employed by Oulu University of Applied Sciences. Thus, mobility participants will have to obtain their own health/travel insurance before leaving for Finland. The insurance has to be issued by a reliable and solvent company or institution. NOTICE! European Health Insurance Card (EHIC) is NOT considered to be an adequate insurance for an exchange period at Oulu University of Applied Sciences. In addition to EHIC, incoming mobile students and staff members must have also private traveler's insurance covering health care costs (minimum coverage 100 000 EUR at the cost level of 2013), repatriation and medical evacuation, personal property, and third-party liability for the duration of their stay in Finland.
