Other Useful Information	<b>ESOGU ESN</b> : ESN at ESOGU helps the incoming students with finding accommodation, orientation after arrival in Eskişehir and organizing social activities in coordination with International Relations Office
Insurance	Health insurance is obligatory for residence permit. A comprehensive health insurance has to cover both outpatient and inpatient treatment, full medication for the duration of stay. The students are recommended to receive a health insurance issued in Turkey.
Visa	Students who need to get visa must apply to a Turkish Consulate generally the one nearest the place of residence. The students are recommended to apply for a visa as soon as they get the acceptance letter, which is issued by ESOGU. The process of getting a visa to Turkey generally varies depending on the country of residence. Foreigners who will study in Turkey should get the residence permit from the nearest local police station upon their arrival in Turkey regardless of the validity of their visa. ESOGU International Relations Office assists all Incoming Erasmus Students during this procedure.
