### D. Additional requirements

#### Student Mobility for Studies

Receiving institution [Erasmus code]	Minimum Number of Credits to be included in the study plan	Available Courses or Modules in the Faculty or Department(s)	Access to other Faculties or Departments (yes / no)	Support and infrastructure to welcome students/staff with disabilities (yes / no)

The University of Murcia will not be able to accept incoming students from subject areas not covered by this bilateral agreement. However, students can enroll in any extra subject from other subject areas provided that: 1) they do not represent the majority of the Learning Agreement, 2) the academic advisor is in agreement with the Learning Agreement prior to the arrival of the student. Furthermore, we will only be able to accept students for Master degrees if the bilateral agreement includes this level.

The University of Murcia has adapted its facilities in order to allow access to people with disabilities. Furthermore, there is an office, within the University, which provides guidance and assistance to students with disabilities and special needs. Some of the services they render include the following: access to adapted computers, technical support, academic support, and psychological help. Incoming students in need of special support should inform the International Relations Office during the application procedure.

<sup>1</sup> For an easier and consistent understanding of language requirements, use of the Common European Framework of Reference for Languages (CEFR) is recommended, see

<http://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr>

The application procedure is explained in the following website:
