Babes-Bolyai University of Cluj-Napoca (UBB) is a public university, having a multicultural academic profile with three lines of study, from arts and theology to humanities, social and natural/life sciences, mathematics/computer science, engineering/technology, and sport. UBB aspires to confirm a world-class university status, with all three academic missions specific to a world-class university already assumed by UBB: didactic, research-development-innovation, and relationship with society. The excellence of UBB's academic environment is proved by two recent events that marked the Romanian academic environment: UBB joined The Guild in 2020, and UBB became the first 5-star world-class university in Romania, according to the QS STAR Rating in 2021. The field of business and management studies is ranked between 401-450 in the QS World University Rankings, 2021 edition.

The Faculty of Business (FoB), one of the 22 UBB schools, offers, in a multicultural context, a student-oriented education that promotes entrepreneurship, professionalism, dynamism, and innovation. The creation of knowledge, attitudes, and skills necessary for business success is achieved through partnerships with the private and public environment, oriented both to the educational process and to research. Through curricular and extracurricular activities, the faculty promotes responsible social behavior (community involvement, actions to protect the environment, volunteering, etc.). FoB is currently undergoing the AACSB accreditation.

Cluj-Napoca

The unofficial capital of Transylvania, the 2000-year-old Cluj-Napoca is one of the most vibrant cities in Romania. With a population of around 400,000 people, out of which around 100,000 are college students, the city is bursting with energy the year round. Along with fine dining, cultural activities, a wonderful historical legacy and a great atmosphere, the city will certainly not disappoint those who add it to their travel itinerary. Living here is certainly a great experience for those who want to see urban Transylvanian life at its best.

The architecture in the city center is reminiscent of the old Austro-Hungarian Empire, while elements of modernism have now been added to give the city a modern, exciting feel. The multi-ethnic and multi-cultural aspects can be traced almost anywhere; it is truly a place to express yourself. Almost religious denomination has at least a worship place. Also, there are lots of museums, parks, sport facilities and an internationally acclaimed Botanical Garden, which are sure to appeal even to the most demanding visitor.
