di VERONA

Scuola di Dottorato  
di **SCIENZE DELLA VITA E DELLA SALUTE**

Corso di dottorato in Neuroscienze, Scienze  
Psicologiche e Psichiatriche e Scienze del Movimento

# “ Transcranial Magnetic Stimulation Motor and Language Mapping in Clinical Practice”

## “ Transcranial Magnetic Stimulation and Neuromodulation “

Martedì 20 novembre 2018 – h. 17,00

### **Thomas Picht, MD, PhD**

Assistant Medical Director  
Head of Image Guidance Laboratory  
Dept. of Neurosurgery, Charité  
University of Berlin, Germany

Thomas Picht is a neurosurgeon and assistant medical director at the Department of Neurosurgery at Charité University Hospital Berlin. He has headed the Image Guidance Lab for many years and was significantly involved in the introduction and further development of navigated TMS for neurosurgical planning. In cooperation with the Humboldt-Universität zu Berlin, his Charité lab is currently exploring how new visualization methods like stereoscopic projections or head-mounted-displays can benefit clinical work and how current workflows and interfaces can be improved to account for the ongoing technological shift.

---

The seminar will take place at **17,00 – Presso Ospedale Geriatrico- Aula Formazione  
CReMPE – Primo piano lato adige- Ospedale Civile  
Maggiore**
